PROXY STATEMENT

2019 ANNUAL MEETING OF SHAREHOLDERS

General

The proxy is solicited on behalf of the Board of Directors of INTL FCStone Inc., a Delaware corporation (the “Company”), for use at the annual meeting of shareholders to be held on Wednesday, February 13, 2019, at 10:00 a.m. (Eastern Standard Time), or at any adjournment or postponement of the meeting, for the purposes set forth in this proxy statement and in the accompanying Notice of Annual Meeting. The annual meeting will be held at 1221 Brickell Avenue, Miami, Florida. The Company intends to mail its Notice of Internet Availability of Proxy Materials and provide access to a website as referenced within its Notice of Internet Availability on or about January 3, 2019 to all shareholders entitled to vote at the annual meeting.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

When and where will the annual meeting take place?

The annual meeting will be held on February 13, 2019 at 10:00 a.m. (Eastern Standard Time), at 1221 Brickell Avenue, Miami, Florida.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a paper copy of the proxy materials?

The “Notice and Access” rules of the Securities and Exchange Commission (the “SEC”) permit us to furnish proxy materials, including this proxy statement and our Annual Report, to our shareholders by providing access to such documents on the Internet instead of mailing printed copies. Most shareholders will receive a Notice of Internet Availability of Proxy Materials (the “Notice”) and will not receive printed copies of the proxy materials unless they request them. The Notice will be mailed beginning on or about January 3, 2019. The Notice includes instructions on how you may access and review all of our proxy materials via the Internet. The Notice also includes instructions on how you may vote your shares. If you would like to receive a paper or e-mail copy of our proxy materials, you should follow the instructions in the notice for requesting such materials. Any request to receive proxy materials by mail or e-mail will remain in effect until you revoke it.

Can I vote my shares by filling out and returning the Notice?

No. The Notice identifies the items to be voted on at the Annual Meeting, but you cannot vote by marking the Notice and returning it. The Notice provides instructions on how to vote by Internet or how to request a paper proxy card.

Why did I receive this proxy statement?

You received this proxy statement because you held shares of the Company’s common stock on December 21, 2018 (the “Record Date”) and are entitled to vote at the annual meeting. The Board of Directors is soliciting your proxy to vote at the meeting.
QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What am I voting on?

You are being asked to vote on four items:

1. The election of nine Directors (see page 9);  
2. The ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the 2019 fiscal year (see page 26);  
3. An advisory vote on executive compensation (see page 28); and  
4. The approval of an amendment to the 2013 Stock Option Plan to increase the total number of shares authorized for issuance under the Plan from 1,000,000 shares to 2,000,000 shares (see page 29).

How do I vote?

Shareholders of Record

If you are a shareholder of record, there are four ways to vote:

- By toll free telephone at 1-800-652-8683.
- By internet at www.envisionreports.com/INTL
- If you request printed copies of the proxy materials, you may vote by proxy by completing and returning your proxy card in the postage-paid envelope provided by the Company; or
- By voting in person at the meeting.

Street Name Holders

Shares which are held in a brokerage account in the name of the broker are said to be held in “street name.”

If your shares are held in street name, you should follow the voting instructions provided by your broker. If you requested printed copies of the proxy materials, you may complete and return a voting instruction card to your broker, or, in many cases, your broker may also allow you to vote via the telephone or Internet. Check your notice from your broker for more information. If you hold your shares in street name and wish to vote at the meeting, you must obtain a legal proxy from your broker and bring that proxy to the meeting.

Regardless of how your shares are registered, if you request printed copies of the proxy materials, complete and properly sign the accompanying proxy card and return it to the address indicated, it will be voted as you direct.

What is the deadline for voting via Internet or telephone?

Internet and telephone voting is available through 11:59 p.m. (Eastern Standard Time) on Tuesday, February 12, 2019 (the day before the annual meeting).

What are the voting recommendations of the Board of Directors?

The Board of Directors recommends that you vote in the following manner:

1. FOR each of the persons nominated by the Board of Directors to serve as Directors;  
2. FOR the ratification of the appointment of KPMG LLP as independent registered public accounting firm for the 2019 fiscal year;  
3. FOR the approval of the compensation of the Company’s named executive officers as disclosed in the Compensation Discussion and Analysis section and accompanying compensation tables contained in this Proxy Statement; and  
4. FOR the proposed amendment to the 2013 Stock Option Plan to increase the total number of shares authorized for issuance under the Plan from 1,000,000 shares to 2,000,000 shares.

Unless you give contrary instructions in your proxy, the persons named as proxies will vote your shares in accordance with the recommendations of the Board of Directors.
QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Will any other matters be voted on?

We do not know of any other matters that will be brought before the shareholders for a vote at the annual meeting. If any other matter is properly brought before the meeting, your proxy would authorize the Chairman and the Chief Executive Officer of the Company to vote on such matters in their discretion.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on the Record Date are entitled to receive notice of and to vote at the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the annual meeting, or any postponement or adjournment of the meeting.

How many votes do I have?

You will have one vote for each share of the Company’s common stock that you owned on the Record Date.

How many votes can be cast by all shareholders?

The Company had 19,023,473 outstanding shares of common stock on the Record Date. Each of these shares is entitled to one vote. There is no cumulative voting.

How many votes must be present to hold the meeting?

The holders of a majority of the Company’s common stock outstanding on the Record Date must be present at the meeting in person or by proxy to fulfill the quorum requirement necessary to hold the meeting. This means at least 9,511,737 shares must be present in person or by proxy. If you vote, your shares will be part of the quorum. Abstentions and broker non-votes will also be counted in determining the quorum. A broker non-vote occurs when a bank or broker holding shares in street name submits a proxy that states that the broker does not vote for some or all of the proposals because the broker has not received instructions from the beneficial owners on how to vote on the proposals and does not have discretionary authority to vote in the absence of instructions. We urge you to vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that a quorum has been achieved.

What vote is required to approve each proposal?

For the election of Directors (Proposal No. 1), the affirmative vote of a plurality of the votes present in person or by proxy and entitled to vote at the meeting is required. A proxy that has properly withheld authority with respect to the election of one or more Directors will not be voted with respect to the Director or Directors indicated, although it will be counted for the purposes of determining whether there is a quorum.

For the ratification of the appointment of KPMG LLP (Proposal No. 2), the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote at the meeting will be required for approval. An abstention with respect to this proposal will be counted for the purposes of determining the number of shares entitled to vote that are present in person or by proxy. Accordingly, an abstention will have the effect of a negative vote.

For the advisory vote on executive compensation (Proposal No. 3), the resolution will be approved if a majority of the shares represented in person or by proxy and entitled to vote at the meeting are cast in favor of the compensation. Because your vote is advisory, it will not be binding on the Board or the Company. However, the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

For the approval of the proposed amendment to the 2013 Stock Option Plan (Proposal No. 4), the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote at the meeting will be required for approval. An abstention with respect to this proposal will not be voted with respect to the amendment, although it will be counted for the purposes of determining whether there is a quorum.
QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Can I change my vote?

Yes. If you are stockholder of record, you may change your vote at any time before your proxy is voted at the annual meeting. You can do this in one of three ways. First, you can send a written notice stating that you would like to revoke your proxy. Second, you can submit new proxy instructions either on a new proxy card, by telephone or via the Internet. Third, you can attend the meeting, and vote in person. Your attendance alone will not revoke your proxy. If you have instructed a broker to vote your shares, you must follow directions received from your broker to change those instructions.

Who may attend the annual meeting?

Any person who was a shareholder of the Company on December 21, 2018 may attend the meeting. If you own shares in street name, you should ask your broker or bank for a legal proxy to bring with you to the meeting. If you do not receive the legal proxy in time, bring your most recent brokerage statement so that we can verify your ownership of our stock and admit you to the meeting. However, you will not be able to vote your shares at the meeting without a legal proxy.

What happens if I sign and return the proxy card but do not indicate how to vote on an issue?

If you return a signed proxy card without indicating your vote, your shares will be voted as follows:

• FOR each of the nominees for Director named in this proxy statement;
• FOR ratification of the appointment of KPMG LLP as the independent registered public accounting firm for the Company for the 2019 fiscal year;
• FOR the approval of the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis section and accompanying compensation tables contained in this Proxy Statement; and
• FOR the approval of the amendment to the 2013 Stock Option Plan to increase the total number of shares authorized for issuance under the Plan from 1,000,000 shares to 2,000,000 shares.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Company’s Board of Directors is responsible for establishing broad corporate policies and for overseeing the overall management of the Company. In addition to considering various matters which require its approval, the Board of Directors provides advice and counsel to, and ultimately monitors the performance of, the Company’s senior management.

There are four standing committees of the Board of Directors—the Audit Committee, the Compensation Committee, the Nominating & Governance Committee and the Risk Committee. Committee assignments are re-evaluated annually and approved during the Board meeting that follows the annual meeting of shareholders. The Board of Directors has adopted charters for all of its standing Committees. Copies of these charters can be found on the Company’s website at www.intlfcstone.com.

During the fiscal year ended September 30, 2018, the Board of Directors held five meetings. Each Director attended at least 75% of the regular Board meetings and Board committee meetings of which he was a member in 2018.

The Company has adopted a formal policy regarding attendance by members of the Board of Directors at the Company’s annual meeting of shareholders and at scheduled meetings of the Board of Directors. This policy is as follows:

Attendance of Directors at Meetings

The Board of Directors currently holds regularly scheduled meetings and calls for special meetings as necessary. Meetings of the Board may be held telephonically. Directors are expected to attend all Board meetings and meetings of the Committees of the Board on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their duties.

Directors are also expected to attend the annual meeting of shareholders. The Board believes that Director attendance at shareholder meetings is appropriate and can assist Directors in carrying out their duties. When Directors attend shareholder meetings, they are able to hear directly shareholder concerns regarding the Company. It is understood that special circumstances may occasionally prevent a Director from attending a meeting.

All of the Company’s current Directors attended the 2018 annual meeting of the shareholders on February 14, 2018.

Audit Committee

The Audit Committee meets at least quarterly with the Company’s management and independent accountants to, among other things, review the results of the annual audit and quarterly reviews and discuss the financial statements, select and engage the independent accountants, assess the adequacy of the Company’s staff, management performance and procedures in connection with financial controls and receive and consider the accountants’ comments on the Company’s internal controls. The members of the Audit Committee during the 2018 fiscal year were: Daryl Henze (Chairman), Bruce Krehibel, Edward Grzybowski and Steve Kass (following his election to the Board on February 14, 2018). The Audit Committee met eight times during the 2018 fiscal year.

The Board has determined that at least one member of the Audit Committee who served during the Company’s 2018 fiscal year, namely the Chairman of the Committee, Mr. Henze, is an “audit committee financial expert” within the meaning of Item 407(d)(5) of SEC Regulation S-K.

Compensation Committee

The Compensation Committee makes determinations concerning salaries and incentive compensation and otherwise determines compensation levels for the Company’s executive officers and other key employees and performs such other functions regarding compensation as the Board may delegate. The members of the Compensation Committee during the 2018 fiscal year were: John M. Fowler (Chairman), Eric Partheome and Paul Anderson. The Compensation Committee met four times during the 2018 fiscal year.
The Compensation Committee administers the Company’s stock option or other equity-based plans, including the review and grant of stock options or restricted stock to all eligible employees under the Company’s existing plans, including a requirement that all restricted stock and options awards shall be subject to a minimum vesting period of three years, with one-third of the award vesting on each of the first, second and third anniversaries of the award, and subject to the provisions as specified with greater particularity in the Company’s Restricted Stock Plan and the Company’s Stock Option Plan as currently applicable.

The Compensation Committee also administers the Company’s stock option or other equity-based plans to ensure that there shall be no repricing of restricted stock or options once awarded, nor shall a buyout of underwater options be allowed.

Risk Committee

The Risk Committee meets at least quarterly to oversee the Company’s risk management processes. This includes working with management to determine and assess the Company’s philosophy and strategy towards risk management and mitigation. Management is responsible for the day-to-day management of risk under the direction of the Chief Risk Officer and the Risk department. Management and the Chief Risk Officer reports regularly to the Risk Committee on current and emerging risks and the Company’s approach to avoiding and mitigating risk exposure. The Risk Committee reviews the Company’s most significant risks and whether management, including the Risk department of the Company, is responding consistently within the Company’s overall risk management and mitigation strategy. The members of the Risk Committee during the 2018 fiscal year were: Edward Grzybowski (Chairman), Daryl Henze, Paul Anderson and Steve Kass (following his election to the Board on February 14, 2018). The Risk Committee met four times during the 2018 fiscal year.

Nominating & Governance Committee

The Nominating & Governance Committee reviews and evaluates the effectiveness of the Company’s executive development and succession planning processes, and also provides active leadership and oversight of these processes. Additionally, the Nominating & Governance Committee evaluates and recommends nominees for membership on the Company’s Board of Directors and its committees and develops and recommends to the Board a set of effective corporate governance policies and procedures.

The members of the Nominating & Governance Committee during the 2018 fiscal year were: Eric Parthemore (Chairman), John M. Fowler and Bruce Krehbiel. The Committee met five times during the 2018 fiscal year.

In September 2005, the Board of Directors adopted a formal policy concerning shareholder recommendations for candidates as nominees to the Board of Directors. The policy has been incorporated into the charter of the Nominating & Governance Committee which is posted on the Company’s website. The policy is as follows:

Procedures by which Shareholders may Submit Nominees for Director

For a shareholder to recommend a Director nominee to the Committee, the shareholder should send the recommendation to the Chairman of the Nominating & Governance Committee, c/o Corporate Secretary, INTL FCStone Inc., 1251 NW Briarcliff Parkway, Suite 800, Kansas City, Missouri 64116. The recommendation should include (a) the name, address and telephone number of the potential nominee; (b) a statement regarding the potential nominee’s background, experience, expertise and qualifications; (c) a signed statement from the potential nominee confirming his or her willingness and ability to serve as a Director and abide by the corporate governance policies of the Company (including its Code of Ethics) and his or her availability for a personal interview with the Committee; and (d) evidence establishing that the person making the recommendation is a shareholder of the Company.

Recommendations which comply with the foregoing procedures and which are received by the Corporate Secretary before September 1 in any year will be forwarded to the Chairman of the Nominating & Governance Committee for review and consideration by the Committee for inclusion in the slate of Director nominees to be recommended to the entire Board for presentation at the annual meeting of shareholders in the following year. In evaluating Director nominees, the Nominating & Governance Committee considers the following factors:
• the appropriate size of the Company’s Board of Directors;
• the needs of the Company with respect to the particular talents and experience of its Directors;
• the knowledge, skills and experience of nominees, including experience in commodities and securities markets, business, finance, administration or public service, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board;
• familiarity with national and international business matters;
• experience with accounting rules and practices; and
• the desire to balance the considerable benefit of continuity with the periodic injection of the fresh and diverse perspectives provided by new members.

The Nominating & Governance Committee’s goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. Other than the foregoing, there are no stated minimum criteria for Director nominees, although the Nominating & Governance Committee may also consider such other factors as it may deem are in the best interests of the Company and its shareholders. The Nominating & Governance Committee also believes that it is appropriate for certain key members of the Company’s management to serve as Directors.

Shareholder Communications with Non-Management Members of the Board

The Company has adopted a formal process for shareholder communications with the independent members of the Board. The policy, which is available on the Company’s website, www.intlfcstone.com, is as follows:

Interested parties are invited to communicate with the non-management members of the Board by sending correspondence to the non-management members of the Board of Directors, c/o Corporate Secretary, INTL FCStone Inc., 1251 NW Briarcliff Parkway, Suite 800, Kansas City, Missouri 64116 or via e-mail to board@intlfcstone.com.

The Corporate Secretary will review all such correspondence and forward to the non-management members of the Board a summary of all such correspondence received during the prior month and copies of all such correspondence that deals with the functions of the Board or committees thereof or that otherwise is determined to require attention of the non-management Directors. Non-management Directors may at any time review the log of all correspondence received by the Company that is addressed to the non-management members of the Board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters will immediately be brought to the attention of the Chairman of the Audit Committee.

Board Leadership

A substantial majority of the members of the Board of Directors are independent Directors (eight of ten during fiscal year 2018 and seven of nine of the Directors to be voted upon at the 2019 Annual Shareholders’ Meeting). The four Board committees - Audit, Nominating and Governance, Compensation and Risk - are comprised solely of and chaired by independent Directors; and at each regularly scheduled Board meeting, the non-management Directors meet in executive session without management Directors. The position of Chairman of the Board is separated from Chief Executive Officer, and the Chairman of the Board position is held by an independent Director.

Board’s Role of Risk Oversight

The Risk Committee meets at least quarterly to oversee the Company’s risk management processes. This includes working with management to determine and assess the Company’s philosophy and strategy towards risk management and mitigation. Management is responsible for the day-to-day management of risk under the direction of the Chief Risk Officer and the Risk department. Management and the Chief Risk Officer reports regularly to the Risk Committee on current and emerging risks and the Company's approach to avoiding and mitigating risk exposure. The Risk Committee reviews the Company's most significant risks and whether management, including the Risk department of the Company, is responding consistently within the Company's overall risk management and mitigation strategy.
The Compensation Committee of the Board monitors the compensation programs of the Company, including reviewing the relationship between the Company’s risk management policies and practices and compensation arrangements. Credit losses and trading losses are considered in the calculation of variable compensation of executives and Company revenue producers, and negative balances in one period are carried forward to succeeding periods in the calculation of bonuses for revenue producers. The Company periodically changes or adapts its compensation policies to address the specific risk profile of each business unit.

**Board and Committee Evaluation**

The Nominating & Governance Committee annually reviews and evaluates the performance of the Board of Directors. The Committee surveys all Board members on multiple subject areas, and the survey results are used to evaluate the Board’s contribution as a whole and its effectiveness with respect to particular subject areas. Particular attention is given to subject areas which the Committee or Board believes for any reason warrant further attention. The purpose of the review is to increase the effectiveness of the Board, and the results are reviewed with the full Board.

In addition, each committee conducts an annual self-evaluation through the use of a survey completed by the members of each committee. The committee self-evaluations review whether and how well each committee has performed the responsibilities in its charter, whether there are sufficient meetings covering the necessary topics, whether the meeting materials are effective, and other matters. As with the Board evaluation, particular attention is given to subject areas which the particular committee or Board believes for any reason warrant further attention.

**Director Education**

Continuing director education is provided in conjunction with regular Board meetings and focuses on topics necessary to enable the Board to effectively evaluate issues before the Board. The education takes the form of management and key staff presentations covering timely subjects and topics, along with in-depth reviews of key business units and geographic regions serviced by the Company and its subsidiaries.

**Director Financial Interest in the Company**

The Nominating & Governance Committee Charter establishes the responsibility of the Committee to administer and monitor a policy that Directors shall at all times have a financial interest in Company stock by owning vested Company stock at least equal in value to 10% of their most recent year’s Director’s compensation as at the first anniversary of their appointment, 20% as at the second anniversary and 30% as at the third anniversary, such 30% level to be maintained thereafter.

The Board of Directors annually determines the independence of Directors based upon a review conducted by the Nominating & Governance Committee and the Board. No Director is considered independent if he or she is an executive officer or employee of the Company or has a relationship which, in the opinion of the Company’s Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director.

The Board of Directors has determined that, in its judgment as of the date of this Proxy Statement, each of the Company’s Directors, other than Sean O’Connor and Scott Branch, is an independent Director within the meaning of Rule 5600 of the NASDAQ Stock Exchange. Accordingly, all of the members of the Audit, Compensation, Risk and Nominating & Governance Committees are independent within the meaning of NASDAQ Rule 5600.
 EXECUTIVE COMPENSATION - COMPENSATION DISCUSSION AND ANALYSIS

This section contains a discussion of the Company’s executive compensation program, including the objectives of the program, the policies underlying the program, the types of compensation provided by the program, and how the Company determined the compensation paid to each named executive officer.

Background

The Company’s Compensation Committee has primary responsibility for the design and implementation of the Company’s executive compensation program. The Committee directly determines the compensation for the Company’s principal executive officers. The Committee receives recommendations from the Chief Executive Officer regarding the compensation of the President, the Chief Financial Officer, certain executive officers of the Company, certain executive officers of major subsidiaries, and supervises and reviews the compensation for the Company’s other executive officers. The salaries for those officers are currently determined by one or more of the Company’s principal executive officers.

The Compensation Committee has considered the results of the most recent shareholder advisory vote on executive compensation required by Section 14A of the Exchange Act in determining the Company’s compensation policies and decisions. In this regard, at the Company’s 2018 annual meeting, the shareholders voted on a non-binding resolution to approve the compensation awarded by the Company to the Company’s named executive officers (“say-on-pay”) as described in the Compensation Discussion & Analysis (“CD&A”), tabular disclosures, and other narrative executive compensation disclosures in the proxy statement for the 2018 annual meeting. At the 2018 annual meeting, approximately 94.8% of the votes on the say-on-pay proposal were voted in favor of the proposal. Furthermore, at the 2016 annual meeting, approximately 98% of the votes on the 2016 Executive Performance Plan proposal were voted in favor of the proposal, and approximately 98% of the votes on the 2016 Long-Term Performance Incentive Plan proposal were voted in favor of the proposal. Based upon these results, the Compensation Committee has concluded that the Company’s shareholders generally support the principal elements of the compensation program adopted by the Compensation Committee. The Committee has relied in part on that conclusion in continuing the principal elements of the compensation program in 2018.

At the 2017 annual meeting, the shareholders voted on a non-binding resolution to determine whether the advisory shareholder vote on say-on-pay should occur every one, two or three years (“say-on-frequency”). Approximately 59% of the votes on the say-on-frequency proposal voted in favor of a vote every year. Based upon the results of the say-on-frequency vote, the Board has determined to hold the say-on-pay vote annually.

At the 2017 annual meeting, the shareholders also voted on the Company’s 2017 Restricted Stock Plan. Approximately 93% of the votes on the Restricted Stock Plan proposal voted in favor of the Plan.

For the 2018 fiscal year, the five named executive officers were Sean M. O’Connor, who served as the Chief Executive Officer and President, William J. Dunaway, who served as the Chief Financial Officer, Philip Smith, Chief Executive Officer of INTL FCStone Ltd, Xuong Nguyen, who served as Chief Operating Officer of the Company, and Charles Lyon, Executive Vice President of INTL FCStone Financial Inc.

The Company designed its executive compensation program to reflect its vital need to attract and retain executives with specific skills and experience in the various businesses operated by the Company. In this regard, the success of these businesses is directly dependent on the ability of the Company’s executives to generate operating income with an appropriate level of risk. The Company competes with larger and better capitalized companies for individuals with the required skills and experience. As a result, the Company must have a compensation program which provides its executives with a competitive level of compensation relative to the compensation available from the Company’s competitors.

The Company also designed its executive compensation program to reward executives based on their contribution to the Company’s success. The Compensation Committee believes that a compensation program which relies heavily on performance-based compensation will both maximize the efforts of the Company’s executives and align the interests of executives with those of shareholders. This form of compensation also allows the Company to compete for talented individuals since it is common in the financial services industry.

During the 2015 fiscal year, the Compensation Committee retained the services of McLagan, a compensation consulting firm, to advise the Committee on compensation levels of the Company’s executive employees in relation to competitors in the financial industry; and to advise on adjustments to executive compensation packages with a view to including a long-term retention feature. McLagan confirmed the Committee’s evaluation that the Company’s executive compensation was modest in the financial industry, and while adequate in providing for base compensation and bonuses based upon the Company’s performance, the program lacked a long-term component. The Committee determined that adding a long-term component will assist the Company in attracting and retaining senior executives, along with benefitting the shareholders of the Company by focusing the senior executives on the long-term performance of the Company. To that end, McLagan assisted the Committee during the 2016 fiscal year in updating the Company’s executive performance plan and in developing a long-term incentive plan. As noted above, the INTL FCStone Inc. 2016 Executive Performance Plan and the INTL FCStone Inc. 2016 Long-Term Performance Incentive Plan were approved by the shareholders at the 2016 Annual Meeting. McLagan and its affiliates did not provide any other services to the Company or its affiliates during the 2018 fiscal year.
Objectives of the Company’s Executive Compensation Program

The Company’s executive compensation program is designed to meet three principal objectives:

• to provide competitive levels of compensation to attract and retain talented executives,

• to provide compensation which reflects the contribution made by each executive to the Company’s success, and

• to encourage long-term service to the Company by awarding equity-based compensation.

Attract and Retain Talented Employees

The Company’s success depends on the leadership of senior executives and the skills and experience of its other executives. In order to attract and retain highly capable individuals, the Company needs to ensure that the Company’s compensation program provides competitive levels of compensation. Therefore, the Compensation Committee seeks to provide executives with compensation that is similar to the compensation paid by other financial services firms.

Provide Compensation Based on Performance

The Company believes that its continued success requires it to reward individuals based upon their contribution to the Company’s success. Accordingly, a substantial portion of each executive’s compensation is in the form of bonuses, which are based on both objective and subjective criteria.

Encourage Long-Term Service through Equity Awards

The Company seeks to encourage long-term service by making equity awards to the Company’s executives. In the case of the principal executive officers, the Compensation Committee has elected to award a portion of the executive’s bonus in the form of restricted stock. In the case of other executives, the Compensation Committee offers the executives the right to receive a portion of their bonuses in the form of restricted stock.

What the Executive Compensation Program is Designed to Reward

By linking compensation opportunities to performance of the Company as a whole, the Company believes the Company’s compensation program encourages and rewards:

• efforts by each executive to enhance firm-wide productivity and profitability

• entrepreneurial behavior by each executive to maximize long-term equity value in the interest of all shareholders

Clawback Policy

The Board of Directors of the Company has adopted an executive compensation clawback policy which is administered by the Company’s Compensation Committee.

Elements of Compensation

The Company’s executive compensation program provides for the following elements of compensation:

• base salary

• bonus under an established bonus plan with objective criteria

• a long-term performance incentive plan

• discretionary bonus based on subjective criteria

• health insurance and similar benefits

Base Salary

The Company pays each executive officer an annual base salary to provide the executive with a predictable level of income and enable the executive to meet living expenses and financial commitments. The Compensation Committee views base salary as a way to provide a non-performance-based element of compensation that is certain and predictable. The Compensation Committee believes the base salaries paid to the Company’s executive officers in 2018 were modest compared to other financial service firms. The 2018 base salaries for the named executive officers were unchanged from 2017.
The annual base salary for William J. Dunaway in 2018 was $300,000. The annual base salaries for Philip Smith, Xuong Nguyen and Charles Lyon in 2017 were $325,000.

**Executive Performance Plan**

The Company adopted the current Executive Performance Plan (the “EPP”) in 2018 to provide bonuses to designated executives based upon objective criteria. The plan’s structure satisfies the requirements for performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code so that the compensation is deductible for federal income tax purposes. The EPP permits awards to be paid in cash, restricted stock or a combination of both.

The Company utilizes the EPP to reward the Company’s five principal executive officers and three executive officers of wholly-owned subsidiaries. Bonuses paid under the EPP are objective and are based on criteria established by the Company in advance. The Compensation Committee’s goal is to utilize bonuses under the EPP as the Company’s principal tool for encouraging executives to maximize productivity and profitability. Awards under the plan provide executives with an incentive to focus on aspects of the Company’s performance that the Compensation Committee believes are key to the Company’s success.

The Compensation Committee administers the EPP and has responsibility for designations of eligible participants and establishing specific “performance targets” for each participant in the plan. The performance targets may be based on one or more of the following business criteria, or on any combination of these criteria:

- increase in share price
- adjusted return on equity
- control of fixed costs
- control of variable costs
- adjusted EBITDA growth

For the 2018 fiscal year, Adjusted Return on Equity was the only performance target established and used by the Compensation Committee. The targets must be established while the performance relative to the target remains substantially uncertain within the meaning of Section 162(m).

With respect to adjusted return on equity and adjusted EBITDA growth, the plan generally requires that adjustments be made to return on equity or EBITDA, as the case may be, when determining whether the applicable performance targets have been met, so as to eliminate, in whole or in part, in any manner specified by the Committee at the time the performance targets are established, the gain, loss, income and/or expense resulting from the following items:

- changes in accounting principles that become effective during the performance period;
- extraordinary, unusual or infrequently occurring events reported in the Company’s public filings, excluding early extinguishment of debt; and
- the disposal of a business, in whole or in part.

The Committee may, however, provide at the time the performance targets are established, the gain, loss, income and/or expense resulting from the following items:

- gain or loss from all or certain claims and/or litigation and insurance recoveries;
- the impact of impairment of tangible or intangible assets;
- restructuring activities reported in the Company’s public filings; and
- the impact of investments or acquisitions.

Each of these adjustments may relate to the Company as a whole or any part of the Company’s business or operations, as determined by the Committee when it establishes the performance targets. The Committee determines the adjustments in accordance with generally accepted accounting principles, unless the Committee designates another objective method of measurement. Finally, adjustments will be made as necessary to any business criteria related to the Company’s stock to reflect changes in corporate capitalization, such as stock splits and certain reorganizations.

Concurrently with the selection of performance targets, the Committee must establish an objective formula or standard for calculating the maximum bonus payable to each participating executive officer. Under the plan, the maximum bonus for each fiscal year may not exceed $5,000,000 for any executive.

Over the five-year term of the plan, the maximum per participant amounts are thus $25,000,000 for each executive. Notwithstanding this overall maximum, the Committee has sole discretion to determine, pursuant to its “negative discretion,” whether to actually pay any of the entire maximum permissible bonus or to defer payment or vesting of any bonus, subject in each case to the plan’s terms and any other written commitment authorized by the Committee. The Committee may also exercise its negative discretion by establishing additional conditions and terms of payment of bonuses, including the achievement of other financial, strategic or individual goals, which may be objective or subjective, as it deems appropriate. Although the Committee may waive these additional conditions and terms, it may not waive the basic performance target as to the business criterion chosen for any particular period.

Bonuses will be paid in either cash or a combination of cash and restricted stock on a basis to be established by the Committee. The specific proportion of bonus to be received in the form of restricted stock is subject to amendment by the Committee from time to time. The proportions utilized for the 2018 fiscal year were as follows:

- amounts from 0 - $200,000: 15%
- amounts from $200,000 - $400,000: 20%
- amounts from $400,000 - $600,000: 25%
- amounts above $600,000: 30%

In general, restricted stock is a grant of stock that is subject to forfeiture if specified vesting requirements are not satisfied. The current vesting requirements are set forth in the following paragraph.

If any portion of a bonus is payable in the form of restricted stock, then the restricted stock will be issued to the executive at a discount of 25% to the market value of the Company’s common stock (determined as of the date that is 75 days following the end of the applicable performance period, or, if the committee has not determined the bonus by this date, 15 days after the amount of the bonus is determined and certified by the Committee). These shares of restricted stock will vest at the rate of one-third per year on each of the first, second and third anniversaries of the
award, all as specified with greater particularity in an award agreement to be entered into in accordance with the Company’s Restricted Stock Plan. In its discretion, the Committee may waive these provisions and elect to pay 100% of any bonus payable under the plan, regardless of amount, entirely in cash (for example, in the case of a participant who already holds a substantial number of shares). Likewise, in its discretion, the Committee may alter the vesting period or reduce the discount applicable to any restricted stock award.

In the event sufficient shares are not available pursuant to the Restricted Stock Plan, then the entire bonus will be payable in cash.

The performance plan may from time to time be amended, suspended or terminated, in whole or in part, by the Board of Directors or the Committee, but no amendment will be effective without Board and/or shareholder approval if such approval is required to satisfy the requirements of Section 162(m).

Application of Executive Performance Plan in 2018

For 2018, the Compensation Committee selected Sean M. O’Connor and William J. Dunaway to be participants in the Executive Performance Plan. Six additional executives, including Philip Smith, Chief Executive Officer of subsidiary INTL FCStone Ltd, Xuong Nguyen, Chief Operating Officer of the Company, and Charles Lyon, Executive Vice President of subsidiary INTL FCStone Financial Inc., are also participants in the Executive Performance Plan. The potential bonuses for the participants was based on the adjusted return on equity. No bonus was to be earned under the Plan unless the adjusted return on equity for 2018 was at least 6.0%.

The potential bonus for Mr. O’Connor based on this performance target is set forth in the following table. The potential bonuses for Messrs. Dunaway, Smith, Nguyen and Lyon were a pro-rata portion of these amounts, based upon targets established by the Compensation Committee.

(1) This column sets forth the nominal amount of the bonus earned by each executive under the plan in 2018. A portion of this amount was paid in the form of a cash bonus and the balance was paid in the form of restricted stock valued at a discount of 25% to the market value of the Company’s common stock.

(2) This column sets forth the cash amount earned by each executive under the plan in 2018. These amounts were paid in fiscal 2019.

(3) This column sets forth the number of shares of restricted stock awarded to each executive and the value of the shares calculated in accordance with the Stock Compensation Topic of the Accounting Standards Codification. These shares vest over a period of three years. These shares were granted on December 14, 2018, and had a fair market value of $37.77 per share on the date of grant.

Long-Term Performance Incentive Plan

The Board of Directors and the Compensation Committee approved a long-term performance incentive plan (“LTIP”) for executive officers and other key employees or officers who are, or in the opinion of the Compensation Committee may become, executive officers. The LTIP was presented to and approved by the shareholders at the 2016 Annual Meeting.

The purpose of the LTIP is to promote the interests of the Company by enabling the Company to provide participating executives with appropriate incentives to encourage them to continue in the employment of the Company and to promote the Company’s long-term growth, stability and profitability. It is intended that the LTIP will assist the Company in balancing risk and financial results in a
manner that does not encourage participating executives to expose the Company to imprudent risks. Furthermore, since the LTIP has longer-term performance periods with payouts linked to future performance in certain key business criteria, the Compensation Committee views the LTIP separately from annual compensation to the participating executives.

The LTIP is also structured to promote the interests of the Company by providing performance incentives in a manner that preserves, for tax purposes, the Company’s ability to deduct that compensation. The LTIP is structured to satisfy the requirements for performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code and related IRS regulations. Section 162(m) requires that the certain material terms of the LTIP, including the eligibility, business criteria and maximum amounts payable, be approved by the Company’s shareholders. The LTIP establishes that awards are to be paid in cash.

The Compensation Committee will administer the LTIP and is charged with the discretion and responsibility for designating eligible participants and establishing specific “performance measures” for each participant in the LTIP. The performance measures may be based on one or more of the following business criteria, or on any combination thereof, on a consolidated basis:

- return on equity
- EBITDA growth
- return on common equity
- total shareholder return
- market price of the Company’s common stock or the market price, face amount or discounted value of other debt or equity securities
- book value per share
- tangible book value per share
- earnings per share
- net income
- pre-tax operating income
- net revenues
- pre-tax earnings
- debt –to-equity ratio

The measures must be established while the performance relative to the measure remains substantially uncertain within the meaning of Section 162(m). The performance periods are expected typically to be five fiscal years, but may be a longer or shorter period of time.

The amounts to be paid under the LTIP may vary based on, be indexed to, or be conditioned all or in part on, the satisfaction of one or more of the performance measures, which performance measures may relate to such measures or combination of measures of individual performance and/or the Company’s performance (including, without limitation, any divisional, business unit or other performance) as the Compensation Committee deems appropriate at the time the performance measures are established. The performance measures may be absolute or relative, and may include, without limitation, risk-based adjustments or adjustments for items that are unusual in nature or infrequent in occurrence. The adjustments as determined by the Compensation Committee are to be determined in accordance with generally accepted accounting principles, unless another objective method of measurement is designated by the Compensation Committee.

Concurrently with the selection of performance measures, the Compensation Committee must establish an objective formula or standard for calculating the amount payable to each participating executive officer, including the calculation of a maximum amount. In any fiscal year, the maximum amount payable under the LTIP together with the maximum bonus payable in such fiscal year, may not exceed the amount stated as the “Maximum Individual Bonus” under the INTL FCStone Inc. 2016 Executive Performance Plan.

The Compensation Committee has made awards to participating executive officers, effective October 1, 2015, equal to 100% of their respective base salaries, with an award period of five fiscal years and a payout amount at the end of the award period that is dependent on an annual interest factor and the Company’s average return on Equity (“ROE”) over the award period.

The LTIP awards are calculated in three steps, as follows:

- **Step 1:** The Compensation Committee determines the LTIP award’s initial notional value based upon the participating executive’s roles and responsibilities in the Company’s performance and the executive’s ability to impact future performance.

- **Step 2:** On an annual basis, the LTIP award’s notional value is increased by an earnings factor (“Interest”) equal to the higher of (a) the Company’s effective borrowing rate for a given year, or (b) the Company’s return on equity (“ROE”), provided that if the amount determined under (a) or (b) is determined to be a percentage that is below 3%, then the Interest shall be 3%, and provided further that if the amount determined under (a) or (b) is determined to be a percentage that is above 15%, then the Interest shall be 15%.

- **Step 3:** The LTIP award will be either increased or decreased by a Performance Adjustment factor. The amount of increase or decrease, if any, in the award due to the Performance Adjustment will be equal to the total amount of the Award at expiration of a predetermined award period, including all accrued Interest, multiplied by a percentage tied, for the currently proposed award, to the average ROE over the award period, as established within the following table:

† For the purposes of calculating average ROE, a negative ROE in any year shall be considered to be zero.

* Percentage payout of Award plus Interest to be ratable per percentage ROE.

The Compensation Committee has the discretion each year, for every new award, to change the award amount, the award period and the performance measure or measures on which the performance adjustment is based. For the 2017 fiscal year, the Compensation Committee has determined not to make any additional changes to the LTIP.

The Committee also has the discretion, under the LTIP, to offer participating executives the right to make a voluntary irrevocable election to defer a portion of their annual base salary or bonus, in return for an opportunity to earn a performance-based interest accrual on the deferred amount. Generally, this voluntary election, if offered, must be submitted during an enrollment period in August or September of the preceding year and cannot be changed after September 30 of that preceding year. Any deferred compensation will be increased annually by the earnings factor (“Interest”) as described within Step 2 above.
The LTIP may from time to time be amended, suspended or terminated, in whole or in part, by the Board of Directors or the Committee, but no amendment will be effective without Board and/or shareholder approval if such approval is required to satisfy the requirements of Section 162(m).

**Discretionary Bonuses**

The Company may award discretionary bonuses to its executives based on a subjective evaluation of the executive’s performance and the overall performance of the Company. Such awards are independent of the Executive Performance Plan.

In 2018, the Compensation Committee did not award discretionary bonuses to the eight executive officers covered under the EPP.

**Other Benefits**

The Company provides medical, life insurance, disability, 401(k), pension and other similar benefits to executives and other employees. The Company intends these benefits to be generally competitive to help in the Company’s efforts to recruit and retain talented executives. The Company’s executives participate in these benefit programs on the same basis as all of the Company’s other employees.

**Additional Incentive Compensation**

In December 2011, the Compensation Committee elected to award additional incentive compensation to certain executive officers, including the five named executive officers. The Committee made these awards in conjunction with its annual review of the compensation program for the Company’s executive officers. During this review, the Committee noted that the Company had not granted stock options or similar long-term incentive compensation to the senior executives since 2008. The Committee determined that the Company should periodically make such awards to the senior executive officers to provide them with incentives based upon the long-term success of the Company. The awards consisted of stock options. No subsequent option awards have been made to the named executive officers.

**Summary Compensation Table**

The following table sets forth information concerning the compensation of the Company’s (a) Principal Executive Officer, (b) Principal Financial Officer, and (c) the other three most highly compensated executive officers as specified by SEC rules (the “named executive officers”) for the 2018, 2017 and 2016 fiscal years.

EXECUTIVE COMPENSATION - COMPENSATION DISCUSSION AND ANALYSIS

(1) This column reflects discretionary cash bonuses awarded to the executive officers for services rendered in each fiscal year, and paid in the following fiscal year. No discretionary cash bonuses were awarded during fiscal years 2016 thru 2018.

(2) Stock awards in this column are reported at the aggregate grant date fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718. Assumptions used in the calculation of these amounts are included in Note 14 in the Company’s consolidated financial statements for the fiscal year ended September 30, 2018, as set forth in the Company’s Form 10-K for the 2018 fiscal year.

(3) No options awarded.

(4) The amounts in this column reflect (i) cash bonuses earned by each executive officer in each fiscal year under the Executive Performance Plan, which in each case were paid in the following fiscal year, (ii) in fiscal year 2018, with respect to Messrs. O’Connor, Dunaway, Smith, Nguyen and Lyon, amounts earned under the LTIP of $686,598, $411,959, $446,289, $446,289 and $446,289, respectively, (iii) in fiscal year 2017, with respect to Messrs. O’Connor, Dunaway, Smith, Nguyen and Lyon, amounts earned under the LTIP of $103,992, $62,395, $67,595, $67,595 and $67,595, respectively, and (iv) in fiscal year 2016, with respect to Messrs. O’Connor, Dunaway, Smith and Nguyen, amounts earned under the LTIP of $192,560, $115,536, $125,164 and $125,164, respectively, which in each case will be paid subsequent to the end of the award period as described in the section entitled “Long-Term Performance Incentive Plan” above.

(5) The amounts in this column represent (i) for Messrs. O’Connor and Lyon, the incremental cost of their personal use of the Company’s airplane, and (ii) the dollar amount of matching contributions made by the Company. In the case of Messrs. O’Connor, Dunaway and Nguyen, the amounts represent matching contributions under the Company’s 401(k) plan in fiscal years 2018, 2017 and 2016, and in the case of Mr. Lyon, the amount represents matching contributions under the Company’s 401(k) plan in fiscal years 2018 and 2017. In the case of Mr. Smith, the amount represents contributions into his U.K. pension plan. The variation between fiscal year matching contributions and calendar year contribution limits is due to contributions made during a fiscal year’s first quarter which act as a contribution catch-up for the corresponding calendar year.

Grants of Plan Based Awards - 2018

The following table sets forth information on plan based awards granted in the 2018 fiscal year to each of the Company’s named executive officers. There can be no assurance that the amounts disclosed below will ever be realized. The amount of these equity awards that were granted, and the amount of the non-equity awards that were earned in 2018, are shown in the Summary Compensation Table on page 21.

Pension Plans

On September 30, 2009, the Company assumed the FCStone qualified noncontributory defined benefit pension plan in connection with the acquisition of FCStone. The plan was frozen to new employees prior to the acquisition. Additionally, prior to the acquisition, the plan was amended to freeze all future benefit accruals, and accordingly no additional benefits accrue for active participants under the plan. The Company's funding policy as it relates to this plan is to fund amounts that are intended to provide for benefits attributed to service to date. Mr. Dunaway is the only named executive officer who is a participant in the plan.

The table below shows the actuarial present value of accumulated benefits payable to Mr. Dunaway, determined using interest rate and mortality rate assumptions consistent with those used in the Company's consolidated financial statements, the number of years of service credited to Mr. Dunaway under the plan, and the payments made during the 2018 fiscal year to Mr. Dunaway.

Employment Agreements

The Company has not entered into employment agreements with Messrs. O’Connor, Dunaway, Smith and Lyon.

Employment Agreement with Xuong Nguyen

The employment agreement for Xuong Nguyen is an at-will employment agreement and may be terminated at any time by either the Company or Mr. Nguyen.

Under the agreement, Mr. Nguyen is entitled to an annual base salary. The 2018 base salary for Mr. Nguyen was $325,000.

Under the agreement, Mr. Nguyen is entitled to an annual bonus in an amount to be determined by the Compensation Committee, in accordance with the Executive Performance Plan, and to participate in all benefit plans generally available to other senior executives.

The agreement prohibits Mr. Nguyen from soliciting any customers and employees of the Company during the 12 months immediately following any termination of his employment.

The agreement provides that Mr. Nguyen is entitled to receive severance in the event of the termination of his employment. In the event of termination for cause or voluntary resignation, he is entitled to payment for any unpaid base annual salary and benefits through the termination date. In the event of termination without cause, Mr. Nguyen is entitled to payment of his base salary for nine months after the termination date.

If Mr. Nguyen had been terminated by the Company without cause as of September 30, 2018, he would have been entitled to a termination payment in the amount of $243,750. These amounts would be payable in a lump sum.

The Company reserves the right to make additional payments to terminated employees if the Company determines that such payments are in the Company’s best interests. The Company also has the right to fully vest executives in their equity awards upon retirement and in certain other termination of services circumstances.

Potential Payments upon Change of Control

Messrs. O’Connor, Dunaway, Smith, Nguyen and Lyon are not entitled to any benefits, including acceleration of equity awards, upon a change in control of the Company.

CEO Pay Ratio

The Company’s compensation and benefits philosophy and the overall structure of our compensation and benefit programs are broadly similar across the organization to encourage and reward all employees who contribute to our success. We strive to ensure the pay of every INTL FCStone Inc. employee reflects the level of their job impact and responsibilities and is competitive within our peer group. Compensation rates are set to be market-competitive in the country in which the jobs are performed. Our ongoing commitment to pay equity is critical to our success in supporting a diverse workforce with opportunities for all employees to grow, develop, and contribute. INTL FCStone Inc. is a global company that employs over 1,700 people worldwide.

Under rules adopted pursuant to the Dodd-Frank Act of 2010, INTL FCStone Inc. is required to calculate and disclose the total compensation paid to its median paid employee, as well as the ratio of the total compensation paid to the median employee as compared to the total compensation paid to the Company’s CEO. The paragraphs that follow describe our methodology and the resulting CEO Pay ratio.
DIRECTOR COMPENSATION

Measurement Date

We selected September 30, 2018 as the date on which to determine our median employee, which is a date within the last three months of fiscal 2018. We included over 1,700 of our full-time and part-time workers employed on September 30, 2018 to determine our employee population.

Consistently Applied Compensation Measure (CACM)

Under the relevant rules, we were required to identify the median employee by use of a “consistently applied compensation measure,” or CACM. We chose a CACM that closely approximates the annual total direct compensation of our employees. Specifically, we identified the median employee by determining each employee’s base salary and bonus, if any, paid during fiscal 2018. The base salary for new employees hired after October 1, 2017 was annualized to September 30, 2018. We did not perform adjustments to the compensation paid to part-time employees to calculate what they would have been paid on a full-time basis. After the median employee was identified, we calculated the annual total compensation for the employee using the same methodology we use for our CEO in the Summary Compensation Table in this Proxy Statement.

Methodology and Pay Ratio

After applying our CACM methodology, we identified the median employee. Once the median employee was identified, we calculated the median employee’s total annual compensation in accordance with the requirements of the Summary Compensation Table.

Our median employee compensation as calculated using Summary Compensation Table requirements was $85,153. Our CEO’s compensation as reported in the Summary Compensation Table was $2,681,062. Therefore, our CEO to median employee pay ratio is 31:1.

This information is being provided for compliance purposes. Neither the Compensation Committee nor management of the company used the pay ratio measure in making compensation decisions.

The Compensation Committee report in this proxy statement shall not be deemed incorporated by reference into any other filing by the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

DIRECTOR COMPENSATION

The Board of Directors has retained the oversight of Director compensation and has not delegated that function to any of its committees. The Board periodically reviews its non-executive Director compensation to determine if any adjustments are necessary for the Company to attract and retain qualified Directors.

For the 2018 fiscal year, the Company’s non-executive Directors received the following amounts:

• $70,000 per year for service as a Director.
• $28,000 per year for service as chairman of the Board.
• $10,000 per year for service as chairperson of the Audit Committee.
• $5,000 per year for service as chairperson of the Compensation Committee.
• $5,000 per year for service as chairperson of the Nominating & Governance Committee.
• $5,000 per year for service as chairperson of the Risk Committee.
• A grant of $30,000 to purchase restricted stock at a 25% discount to the market value.

For the 2019 fiscal year, the Company’s non-executive Directors will receive the following amounts:

• $90,000 per year for service as a Director.
• $35,000 per year for service as chairman of the Board.
• $15,000 per year for service as chairperson of each of the Committees.
• A grant of $50,000 to purchase restricted stock at a 25% discount to the market value.
• Adjustment to cash compensation for the non-executive Directors was effective as of December 5, 2018.

No Director who serves as an employee of the Company receives compensation for services rendered as a Director.

The Company reimburses non-executive Directors for reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors or any committee of the Board of Directors. In addition, all non-executive Directors are reimbursed for out-of-pocket expenses incurred in the performance of their services for the Company. The Company also extends coverage to Directors under the Company’s directors’ and officers’ indemnity insurance policies.
During the 2018 fiscal year, each non-executive Director was given the option to participate in the Company’s restricted stock program which operates in conjunction with the Restricted Stock Plan. Five of the non-executive Directors, Messrs. Fowler, Kass, Krehbiel, Parthemore and Radziwill, elected to participate fully in fiscal 2018. Participants in the Restricted Stock Plan were allowed to choose the percentage (10%, 20% or 30%) of their compensation payable to them or a fixed dollar amount to be exchanged for shares of restricted stock.

The following chart summarizes the 2018 compensation for the Company’s non-executive Directors for the fiscal year ended September 30, 2018.

(1) The amounts in this column represent the fair value of restricted stock awards granted to each non-executive Director in fiscal 2018. Fair value is calculated using the closing price of the Company’s stock on the date of grant. For additional information, refer to Note 14 to the Company’s consolidated financial statements for the fiscal year ended September 30, 2018, set forth in the Company’s Form 10-K for the 2018 fiscal year. These amounts reflect the Company’s accounting expense for these awards, and do not correspond to the actual value that will be recognized by the named Directors. All non-executive Directors are eligible to participate in the Company’s restricted stock program which operates in conjunction with the Restricted Stock Plan. Each non-executive Director may exchange a portion of his Director’s fees for shares of restricted stock valued at a discount of 25% to the fair market value on the date of grant.

(2) As of September 30, 2018, the number of shares underlying outstanding stock options and restricted stock held by each of our non-executive Directors were as follows:

Director Financial Interest in the Company

The Compensation Committee Charter establishes the policy of the Compensation Committee that at least 30% of Director’s fees, excluding additional fees for serving as a Chairperson of the Board or a Committee of the Board, shall be allocated to the purchase of restricted stock subject to a minimum vesting period of three years, with one-third of the award vesting on each of the first, second and third anniversaries of the award, and subject to the provisions as specified with greater particularity in the Company’s Restricted Stock Plan and Stock Option Plan as currently applicable.

Compensation Committee Interlocks and Insider Participation

During our 2018 fiscal year, the members of the Compensation Committee were John M. Fowler (Chairman), Eric Parthemore and Paul Anderson. None of the members of our Compensation Committee is currently a company officer or employee, nor have Mr. Fowler or Mr. Parthemore ever been an officer or employee of the Company. Mr. Anderson was previously President of the Company from October 2009 to October 2012, served as a consultant to the Company during fiscal year 2013, and served as President and Chief Executive Officer of predecessor firm FCStone Group, Inc. from 1999 to October 2009. There are no Compensation Committee interlocks and no insider participation in compensation decisions that are required to be reported under the SEC’s rules and regulations.
PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

Shareholders are being asked to ratify and approve the appointment of KPMG LLP ("KPMG") as our independent registered public accounting firm for the 2019 fiscal year. The appointment of KPMG was made by the Audit Committee of our Board of Directors. KPMG has served as the Company's independent registered public accounting firm since fiscal year 2010, and served as the independent registered public accounting firm of FCStone Group, Inc. and its predecessor firm since 1980. The Company has an engagement agreement with KPMG which sets forth the terms by which KPMG will perform audit services for the Company. That agreement is subject to alternative dispute resolution procedures. The ratification and approval by shareholders of the appointment of KPMG effectively would also be a ratification of that agreement.

Audit services provided by KPMG for our 2018 fiscal year included the audit of the consolidated financial statements and internal control over financial reporting of the Company and its subsidiaries and services related to our periodic filings with the SEC. The services provided by KPMG are more fully described in this proxy statement under the captions "Audit Committee Report" and "Independent Auditor Fees."

Representatives of KPMG are expected to be present at the 2019 annual meeting (either in person or by teleconference), will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Shareholder ratification of the appointment of KPMG as the Company's independent registered public accountants is not required by the Company's bylaws or otherwise. However, the Board is submitting the appointment of KPMG to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain KPMG. Even if the appointment is ratified, the Audit Committee in its discretion may appoint a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

The Board of Directors recommends that shareholders vote "FOR" the ratification of the appointment of KPMG LLP as the company's independent registered public accounting firm.

AUDIT COMMITTEE REPORT

Audit Committee Report

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. Management has the primary responsibility for the consolidated financial statements and the reporting process, including the system of internal controls. The Company's independent registered public accounting firm is responsible for auditing the Company's consolidated financial statements and expressing an opinion as to their conformity to accounting principles generally accepted in the United States, as well as auditing the Company's internal control over financial reporting based on criteria established by the Committee of Sponsoring Organizations of the Treadway Commission.

The Audit Committee operates under a written charter approved by the Board, a copy of which may be found on the Company's website, www.intlfcs.com. The Charter provides, among other things, that the Audit Committee has full authority to engage the independent registered public accounting firm, independent advisors, and consultants.

In the performance of its oversight function, the Audit Committee has reviewed and discussed with management and KPMG the audit of the Company's consolidated financial statements and internal control over financial reporting. The Audit Committee has reviewed and discussed with KPMG the matters required to be communicated pursuant to the Public Company Accounting Oversight Board (United States) ("PCAOB") Auditing Standard No. 1301, "Communications with Audit Committees." This review included a discussion with management and KPMG about the quality (not merely the acceptability) of the Company's accounting principles, the reasonableness of significant estimates and judgments, and the disclosures in the Company's consolidated financial statements, including the disclosures relating to critical accounting policies. In addition, the Audit Committee has received from KPMG the written disclosures and letter required by the applicable requirements of the PCAOB for independent auditor communications with audit committees concerning independence, has discussed with KPMG their independence from the Company and its management, and has considered whether KPMG's provision of non-audit services to the Company is compatible with maintaining KPMG's independence.

The Audit Committee discussed with KPMG the overall scope and plans for their audits. The Audit Committee met with KPMG, with and without management present, to discuss the results of their audits, their evaluations of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting. In addition,
the Audit Committee met with the Chief Executive Officer and Chief Financial Officer of the Company to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's consolidated financial statements and the effectiveness of the Company's systems of disclosure controls, including the clarity of the disclosures, and procedures and internal control over financial reporting. Based on the reviews and discussions referred to above, the Audit Committee has recommended to the Board of Directors, and the Board has approved, that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2018 for filing with the Securities and Exchange Commission and appointed KPMG to serve as the Company's independent registered public accounting firm for 2019.

Respectfully submitted,

THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS
Daryl K. Henze (Chairman)
Bruce W. Krehbiel
Edward J. Grzybowski
Steven Kass

<sup>(1)</sup> Audit Fees consist of fees billed, or expected to be billed, for professional services rendered for the audit of the Company's consolidated annual financial statements and internal control over financial reporting, the review of the interim condensed consolidated financial statements included in quarterly reports, and services provided in connection with certain subsidiary statutory and regulatory filings.

<sup>(2)</sup> Audit-Related Fees consist of fees billed, or expected to be billed, for attestation services rendered, including services rendered in connection with certain regulatory requirements of the Company's subsidiaries.

The Audit Committee's policy is to pre-approve all audit, audit-related, and non-audit services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. During the 2018 and 2017 fiscal years, 100% of the audit, audit-related, and non-audit services were pre-approved by the Audit Committee.
PROPOSAL 3  ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act enacted in July 2010 (the “Dodd-Frank Act”), the shareholders of the Company are entitled to vote at the annual meeting on the compensation of the Company’s named executive officers, as disclosed in the Compensation Discussion and Analysis section and accompanying compensation tables contained in this Proxy Statement. Pursuant to the Dodd-Frank Act, the shareholder vote on executive compensation is an advisory vote only, and it is not binding on the Company or the Board of Directors.

Although the vote is non-binding, the Compensation Committee and the Board value the opinions of the shareholders and will consider the outcome of the vote when making future compensation decisions.

As described more fully in the Compensation Discussion and Analysis section contained in this Proxy Statement, the Company’s executive compensation program is designed to attract, motivate and retain individuals with the skills required to formulate and drive the Company’s strategic direction and achieve annual and long-term performance goals necessary to create shareholder value. The program seeks to align executive compensation with shareholder value on an annual and long-term basis through a combination of base salary, bonuses under established bonus plans with objective criteria, a long-term performance incentive plan, discretionary bonuses based on subjective criteria, grants of restricted stock and stock options, health insurance and similar benefits. The bonus payments under the established bonus plan are based upon one or more of the following business criteria: change in share price, adjusted return on equity, control of fixed costs, control of variable costs, and adjusted EBITDA growth. Further indicative of the alignment between executive compensation and shareholder value is the fact that bonuses may be paid in a combination of cash and restricted stock on a basis to be established by the Compensation Committee.

In addition to making small but strategic acquisitions during the year, the executive management team continued to focus its energies in 2018 on upgrading and more tightly integrating the Company’s offerings, platforms, marketing strategy and customer experience, in the belief that this is necessary to achieving its goal of becoming a truly best-in-class global financial franchise. To this end, the Company now offers clearing and execution (both high-touch and electronic), expert risk management and advisory services, and market intelligence across asset classes and markets around the world. Fiscal year 2018 accomplishments include, among other things, the following:

• Record operating revenues during the fiscal year of $975.8 million.
• Pre-tax income surpassed $100 million for the first time in the Company’s history.
• Shareholders’ equity grew to $505 million.
• All business segments achieved record annual operating revenues.
• Acquisition of Carl Kliem S.A., a Luxembourg based independent inter-dealer broker which provides a European Union based entity post Brexit.
• Acquisition and integration of PayCommerce Financial Solutions, LLC, a fully accredited SWIFT Service Bureau.
• Business enhancements in Brazil, as subsidiary INTL FCStone DTVM Ltda. was granted a full-service broker-dealer license, and subsidiary INTL FCStone Banco de Cambio S.A. was granted an FX bank license.

The Compensation Committee also considers the total compensation of the Company’s five principal executives to be generally consistent with the base salaries paid by the Company’s principal competitors to their senior executive officers.

The advisory vote regarding the compensation of the named executive officers shall be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions will not be counted as either votes cast for or against the proposal.

The Board of directors recommends that shareholders vote “FOR” the approval of the compensation of the named executive officers as disclosed in the compensation discussion and analysis section and accompanying compensation tables contained in this proxy statement.
PROPOSAL 4

APPROVAL OF AN AMENDMENT TO INCREASE THE NUMBER OF SHARES AUTHORIZED TO BE ISSUED UNDER THE COMPANY’S 2013 STOCK OPTION PLAN

General

In November 2012, the Board of Directors adopted, and the shareholders subsequently approved, the Company's 2013 Stock Option Plan (the "Option Plan").

In December 2018, the Board of Directors adopted an amendment to the Option Plan to increase the number of shares authorized for issuance under the Option Plan from 1,000,000 shares to 2,000,000 shares. The increase will be cancelled if the amendment is not approved by the shareholders of the Company at the Annual Meeting.

At the present time, the Company has issued options covering 835,454 shares which remain outstanding. As a result, if the amendment is not approved by the shareholders, the Company will only have 588,020 shares of the Company's common stock available for issuance under the Option Plan.

The Board of Directors of the Company believes that stock options are a key aspect of the Company's ability to attract and retain qualified personnel in the face of high demand for qualified personnel. The Board has approved an amendment to increase the aggregate number of shares of common stock authorized for issuance under the Option Plan by 1,000,000 shares, subject to shareholder approval, in order to ensure that the Company is able to continue to grant stock options to employees and consultants at levels determined appropriate by the Board.

On December 5, 2018, the Board of Directors approved a grant of stock options with respect to 800,000 shares to certain executives of the Company and its subsidiaries, subject to the approval and ratification by the shareholders of this Proposal 4. The agreements governing these options provide that the options will be cancelled in the event the shareholders of the Company do not approve this Proposal 4. The recipients of these options include certain named executive officers of the Company, as shown in the following table.

The exercise price of the options was set at $45.00, which equates to 113.5% of the closing price of the Company’s common stock on December 14, 2018. The options have a term of eight years and will vest ratably over a period of 5 years commencing on the third anniversary after the date of grant.

In the event that this Proposal 4 is not approved by the shareholders, and as a consequence the Company is unable to continue to grant options at competitive levels, the Company’s management believes that it will negatively affect the Company’s ability to meet its needs for highly qualified personnel and its ability to manage future growth.

Without these additional shares, management expects that the current shares available for grant under the Option Plan will not be sufficient to maintain our option grant practices during the 2019 fiscal year.

The Compensation Committee of the Board of Directors administers the Option Plan and determines the number of options to be granted thereunder, subject to an annual limitation on the total number of options that may be granted to any employee. Information on stock options granted to each of the Company’s five most highly compensated executive officers is included in the section of this Proxy Statement entitled “Executive Compensation”.

Plan Description

The following summary describes briefly the principal features of the Option Plan, which is attached as Exhibit A to this Proxy Statement. This summary does not purport to be complete and is subject to and qualified in its entirety by the provisions of the Option Plan.
Purpose

The purpose of the Option Plan is to advance the growth and development of the Company by affording an opportunity to Directors, executives, consultants and key employees of the Company and its affiliates to purchase shares of the Company's common stock and to provide incentives for them to put forth maximum efforts for the success of the Company's business.

Eligibility

The Option Plan provides that awards may be granted to Directors, consultants, officers, and executive, managerial, and other key employees of the Company or any parent or subsidiary of the Company. All employees of the Company and its subsidiaries are currently eligible to participate in the Plan.

Shares Subject to the Option Plan

Prior to the amendment, the total number of shares of common stock that could be issued by the Company under the Option Plan was 1,000,000 shares. The amendment increased this to 2,000,000 shares. If and to the extent an option granted under the Option Plan expires or terminates for any reason whatsoever, in whole or in part, the shares (or remaining shares) of stock subject to that particular option shall again be available for grant under the Option Plan.

Administration

The Option Plan is currently administered by the Compensation Committee of the Board of Directors of the Company, subject to final approval by the Board of Directors. The Compensation Committee may issue incentive stock options (“Incentive Options”) within the meaning as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the “Code”), or options that do not qualify as Incentive Options (“Nonqualified Options”). In addition, the Compensation Committee shall have the discretion to determine the employees, Directors and consultants to whom options are to be granted and the number of shares subject to the options.

General Conditions

The Option Plan sets forth certain general conditions relating to the options that may be granted thereunder:

• the maximum term of any Incentive Option shall be 10 years;

• an option shall be exercisable only as long as the optionee is in “continuous employment” with any parent, subsidiary or successor thereof or is continually on the Board of Directors of the Company; and

• an option granted under the Option Plan shall not be assignable or transferable other than by will or the laws of descent and distribution.

Stock Options

The option price of stock options granted under the Option Plan shall not be less than 100% of the fair market value of the stock on the date the option is granted. The option price of stock options granted under the Option Plan to any individual who possesses more than 10% of the combined voting power of all classes of common stock of the Company shall not be less than 110% of the fair market value of the stock on the date the option is granted.

Options shall become exercisable as provided by the Board in each option agreement. An option shall terminate upon the occurrence of the following conditions:

• the expiration of one year after termination of employment by death or disability;

• immediately upon termination for cause;

• the expiration of 90 days after termination of employment for a reason other than death, disability or cause; or

• the expiration of 90 days after the removal or resignation of the optionee from the Board.

The Option Plan contains certain additional conditions applicable to options designated as Incentive Options. Incentive Options may be granted only to employees. No employee may be granted Incentive Options exercisable for the first time in any calendar year in which Incentive Options have an aggregate fair market value of stock (determined for each Incentive Option at its date of grant) in excess
of $100,000. An Incentive Option granted to an employee who owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company shall have a per-share exercise price of not less than 110% of the fair market value of the stock on the date the option is granted.

Payment of the exercise price may be made in cash, by certified bank check, in shares of the Company's common stock or any combination of the foregoing. At the discretion of the Board, the Company may also accept a promissory note, secured or unsecured, in the amount of the option price.

Plan Termination and Amendment

Under its terms, the Option Plan will terminate on November 15, 2022. Furthermore, the Option Plan may be amended or terminated at any time by the Board. Any termination shall not affect any award then outstanding. Amendments to the Option Plan may be made without shareholder approval, except as such shareholder approval may be required by law or the rules of a national securities exchange, or if the amendment would increase the number of shares that may be issued under the Option Plan, or modify the requirements as to eligibility for participation in the Option Plan.

Federal Tax Treatment of Options

If an option is granted to an employee in accordance with the terms of the Option Plan, no income will be recognized by such employee at the time the option is granted.

Generally, on exercise of a Nonqualified Option, the amount by which the fair market value of the shares of the stock on the date of exercise exceeds the purchase price of such shares will be taxable to the optionee as ordinary income, and will be deductible for tax purposes by the Company in the year in which the optionee recognizes the ordinary income. The disposition of shares acquired upon exercise of a Nonqualified Option under the Option Plan will ordinarily result in long-term or short-term capital gain or loss (depending on the applicable holding period) in an amount equal to the difference between the amount realized on such disposition and the sum of the purchase price and the amount of ordinary income recognized in connection with the exercise of the Nonqualified Option.

Section 16(b) of the Exchange Act generally subjects executive officers, directors and 10% shareholders of the Company to potential liability if they both buy and sell shares of the Company's stock within a six-month period. In the case of employees who are subject to these rules, generally, unless the employee elects otherwise, the relevant date for measuring the amount of ordinary income to be recognized upon the exercise of a Nonqualified Option will be the later of (i) the date the six-month period following the date of grant lapses and (ii) the date of exercise of the Nonqualified Option.

Incentive Option within two years after the date of grant or within one year after the date of exercise (a "disqualifying disposition"), the employee will recognize ordinary income, and the Corporation will be entitled to a deduction for tax purposes, in the amount of the excess of the fair market value of the shares on the date of exercise over the purchase price (or, in certain circumstances, the gain on sale, if less). Any excess of the amount realized by the holder on the disqualifying disposition over the fair market value of the shares on the date of exercise of the Incentive Option will ordinarily constitute capital gain. In the case of an employee subject to the Section 16(b) restrictions discussed above, the relevant date in measuring the employee's ordinary income and the Company's tax deduction in connection with any such disqualifying disposition will normally be the later of (i) the date the six-month period after the date of grant lapses or (ii) the date of exercise of the Incentive Option.

If an option is exercised through the use of stock previously owned by the employee, such exercise generally will not be considered a taxable disposition of the previously owned shares and, thus, no gain or loss will be recognized with respect to such shares upon such exercise. However, if the previously owned shares were acquired through the exercise of an Incentive Option or other tax-qualified stock option and the holding period requirement for those shares was not satisfied at the time they were used to exercise an Incentive Option, such use would constitute a disqualifying disposition of such previously owned shares resulting in the recognition of ordinary income (but, under proposed Treasury Regulations, not any additional capital gain) in the amount described above. If any other qualifying Incentive Option becomes first exercisable in any one year for shares having a value in excess of $100,000 (grant date value), the portion of the option in respect of such excess shares will be treated as a Nonqualified Option.

The Board unanimously recommends that shareholders vote “FOR” the approval of the amendment to increase the number of shares authorized to be issued under the 2013 option plan.
PROPOSAL 5 OTHER MATTERS

The Board of Directors does not know of any other matters that will be presented for consideration at the 2019 annual meeting. If any other matters are properly brought before the 2019 annual meeting, the persons appointed as proxies will vote on such matters in accordance with their best judgment.

3. Stock Subject to Option.

(a) Available Shares. The total number of Shares which may be issued by the Company to all Optionees under this Plan is 2,000,000 Shares. Except as otherwise provided in Section 3(b) of this Plan, the total number of Shares which may be so issued may be increased only by a resolution adopted by the Board of Directors and approved by the shareholders of the Company.

(b) Expired Options and Delivered Shares. If any Option granted under this Plan is terminated or expires for any reason whatsoever, in whole or in part, the Shares (or remaining Shares) subject to that particular Option shall again be available for grant under this Plan. The Board may from time to time determine the appropriate methodology for calculating the number of Shares issued pursuant to this Plan.

4. Administration of this Plan.

(a) Board of Directors. This Plan shall be administered by the Board of Directors who may, from time to time, issue orders or adopt resolutions, not inconsistent with the provisions of this Plan, to interpret the provisions and supervise the administration of this Plan. All determinations shall be by the affirmative vote of a majority of the members of the Board of Directors at a meeting, or reduced to writing and signed by all of the members of the Board of Directors. Subject to the Company’s Bylaws, all decisions made by the Board of Directors in selecting Optionees, establishing the number of Shares and terms applicable to each Option, and in construing the provisions of this Plan shall be final, conclusive and binding on all persons, including the Company, shareholders, Optionees, and purchasers of Shares pursuant to this Plan. The Board of Directors may amend this Plan and any Option Agreement without any additional consideration to affected Optionees to the extent necessary to avoid the imposition of penalties on holders of Options granted under this Plan under Section 409A of the Code, even if those amendments reduce, restrict or eliminate rights granted under the Plan or Option Agreements (or both) before those amendments.

No member of the Board of Directors shall be liable for any action or determination made in good faith with respect to this Plan or an Option granted under this Plan.

(b) Compensation Committee. The Board of Directors may from time to time appoint a Compensation Committee, consisting of not less than two (2) directors (the “Committee”). The Board of Directors may delegate to such Committee full power and authority to take any action required or permitted to be taken by the Board of Directors under this Plan, subject to restrictions on affiliate participation under the Securities Exchange Act of 1934, as amended, pertaining to, among other things, Section 16(b). The Board of Directors may from time to time, at its sole discretion, remove members from or add members to the Committee. Vacancies may be filled by the Board of Directors only. Where the context requires, the Board of Directors shall mean the Committee, if appointed, for matters dealing with administration of this Plan.

(c) Authorization of Officers to Grant Options. In accordance with applicable law, the Board of Directors may, by a resolution adopted by the Board of Directors, authorize one or more Officers to designate Eligible Employees (excluding the Officer(s) so authorized and any other Officers of the Company who are or are expected to be subject to Section 16(b) of the Exchange Act) to be Optionees of Options and determine the number of Options to be granted to such Eligible Employees; provided, however, that the resolution adopted by the Board of Directors so authorizing such Officer or Officers shall specify the total number and the terms (including the exercise price, which may include a formula by which such price may be determined) of Options such Officer or Officers may so grant.

(d) Compliance with Internal Revenue Code. The Board of Directors (or the Committee if appointed) shall at all times administer this Plan and make interpretations under this Plan in such a manner that Options granted under this Plan designated as Incentive Stock Options will meet the requirements of Section 422 of the Code.

5. Selection of Optionees.

(a) Discretion of the Board of Directors. In determining which Eligible Employees shall be offered Options, as well as the terms thereof, the Board of Directors shall evaluate, among other things, (i) the duties and responsibilities of Eligible Employees, (ii) their past and prospective contributions to the success of the Company, (iii) the extent to which they are performing and will continue to perform outstanding services for the benefit of the Company, and (iv) such other factors as the Board of Directors deems relevant.

(b) Limitation on Incentive Stock Options. The aggregate Fair Market Value, determined on the date of grant, of Shares with respect to which any Incentive Stock Options under this Plan and all other plans of the Company become exercisable by any individual for the first time in any calendar year shall not exceed $100,000. To the extent that any Option exceeds this limit, it shall be deemed a Nonqualified Stock Option.
(c) **Limitation on Annual Grants of Options.** No Eligible Employee shall be granted, in any fiscal year of the Company, Options to purchase more than 200,000 Shares. The limitation described in this Section 5(c) shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 12 of this Plan. If an Option is canceled in the same fiscal year of the Company in which it was granted (other than in connection with a transaction described in Sections 12 or 13 of this Plan), the canceled Option will be counted against the limitation described in this Section 5(c).

6. **Option Agreement.** Subject to the provisions of this Plan, each Option granted to an Optionee shall be set forth in an Option Agreement which shall include such terms and conditions as the Board of Directors determines, including a vesting schedule. Each such Option Agreement shall incorporate the provisions of this Plan by reference. The date of the grant of an Option is the date specified in the Option Agreement. Any Option Agreement shall clearly identify the corresponding Option as an Incentive Stock Option or Nonqualified Stock Option.

7. **Option Prices.**

   (a) **Determination of Option Price.** Except as otherwise provided by this Section 7(a), the option price for Stock shall not be less than one hundred percent (100%) of the fair market value of the Stock on the date of the grant of such Option. The option price for any Incentive Stock Option granted to an Eligible Employee who possesses more than ten percent (10%) of the total combined voting power of all classes of common stock of the Company shall not be less than one hundred ten percent (110%) of the fair market value of the Stock on the date of the grant of such Option. Any Option that is (1) granted to an Eligible Employee in connection with the acquisition ("Acquisition"), however effected, by the Company of another corporation or entity ("Acquired Entity") or the assets thereof, (2) associated with an option to purchase shares of stock or other equity interest of the Acquired Entity or an affiliate thereof ("Acquired Entity Option") held by such Eligible Employee immediately prior to such Acquisition, and (3) intended to preserve for the Eligible Employee the economic value of all or a portion of such Acquired Entity Option, may be granted with such exercise price as the Board of Directors determines to be necessary to achieve such preservation of economic value. Any Option that is granted to an Eligible Employee not previously employed by the Company, or a Parent or Subsidiary, as a material inducement to the Eligible Employee's commencing employment with the Company may be granted with such exercise price as the Board of Directors determines to be necessary to provide such material inducement.

   (b) **Determination of Stock Ownership.** For purposes of Sections 7 and 8, an Optionee's common stock ownership shall be determined by taking into account the rules of constructive ownership set forth in Section 424(d) of the Code.

8. **Term of Options.**

   (a) No Incentive Stock Option granted under this Plan may be exercised later than ten (10) years from the date of grant. Non-Qualified Stock Options shall have such term as the Board of Directors shall determine.

   (b) The term for any Incentive Stock Option granted to an Eligible Employee who possesses more than ten percent (10%) of the total combined voting power of all classes of common stock of the Company shall not be more than five (5) years from the date of grant.

9. **Exercise of Option.**

   (a) **Limitation on Exercise of Option.** Except as otherwise provided in this Plan, the Board of Directors, in its sole discretion, may limit an Option by restricting its exercise in whole or in part to specified vesting periods or until specified conditions have occurred. The vesting periods and any restrictions will be set forth in the Option Agreement. The Board of Directors, in its sole discretion, may accelerate the vesting of any Option at any time.

   (b) **Exercise Prior to Cancellation.** An Option shall be exercisable only during the term of the Option as long as the Optionee is in Continuous Employment with the Company or is continually on the Board of Directors of the Company or any Parent, Subsidiary, or any successor thereof. Notwithstanding the preceding sentence, as long as the Option's term has not expired, and unless otherwise provided in the Option Agreement, an Option which is otherwise exercisable in accordance with its provisions shall be exercisable:

      (i) for a period ending ninety (90) days after the Optionee has terminated his Continuous Employment with the Company, unless the Optionee was terminated for cause by the Company in which case the Option shall terminate upon the delivery of notice of termination of employment; or

      (ii) for a period ending ninety (90) days after the removal or resignation of the Optionee from the Board of Directors of the Company or any Parent, Subsidiary, or any successor thereof, on which such Optionee has served; or

      (iii) by the estate of the Optionee, within one (1) year after the date of the Optionee's death, if the Optionee should die while in the Continuous Employment of the Company or while serving on the Board of Directors of the Company or any Parent, Subsidiary, or any successor thereof; or

      (iv) within one (1) year after the Optionee's employment with the Company terminates, if the Optionee becomes disabled during Continuous Employment with the Company and such Disability is the cause of termination.

   (c) **Method of Exercising an Option.** Subject to the provisions of any particular Option, including any provisions relating to vesting of the Option, an Optionee may exercise the Option, in whole or in part, by written notice to the Company stating in such written notice the number of Shares such Optionee elects to purchase under the Option, and the time of the delivery thereof, which time shall be at least fifteen (15) days after the giving of such notice, unless an earlier date shall have been mutually agreed upon. Upon receipt of such written notice, the Company shall provide the Optionee with that information required by the applicable federal and state securities laws. If, after receipt of such information, the Optionee desires to withdraw such notice of exercise, the Optionee may withdraw such notice of
exercise by notifying the Company, in writing, prior to the
time set forth for delivery of the Shares. In no event may
an Option be exercised after the expiration of its term. An
Optionee is under no obligation to exercise an Option or
any part thereof.

(d) Payment for Option Stock. The exercise of any Option
shall be contingent upon receipt by the Company of the
acceptable form of consideration equal to the full option
price of the Shares being purchased. The acceptable form
of consideration may consist of any combination of cash,
certified bank check, wire transfer or, subject to the approval
of the Board of Directors:

(i) Mature Shares; or

(ii) pursuant to procedures approved by the Board of
Directors, (A) through the sale of the Shares acquired
on exercise of the Option through a broker-dealer to
whom the Optionee has submitted an irrevocable notice
of exercise and irrevocable instructions to deliver promptly
to the Company the amount of sale or loan proceeds
sufficient to pay the exercise price, together with, if
requested by the Company, the amount of federal, state,
local or foreign withholding taxes payable by the Optionee
by reason of such exercise, or (B) through simultaneous
sale through a broker of Shares acquired upon exercise.

For purposes of this Section 9, Mature Shares that
are delivered in payment of the option price shall be
valued at their Fair Market Value. In the alternative, the
Board of Directors may, but is not required to, accept a
promissory note, secured or unsecured, in the amount
of the option price made by the Optionee on terms and
conditions satisfactory to the Board of Directors.

(c) Delivery of Stock to Optionee. Provided the Optionee has
delivered proper notice of exercise and full payment of the
option price, the Company shall undertake and follow all
necessary procedures to make prompt delivery of the number
of Shares which the Optionee elects to purchase at the time
specified in such notice. Such delivery, however, may be
postponed at the sole discretion of the Company to enable
the Company to comply with any applicable procedures,
regulations or listing requirements of any governmental
agency, stock exchange or regulatory authority. As a condition
to the issuance of Shares, the Company may require such
additional payments from the Optionee as may be required
to allow the Company to withhold any income taxes which
the Company deems necessary to insure the Company that it
can comply with any federal, state, local and foreign income
tax withholding requirements.

10. Nontransferability of Options. Except as otherwise provided in
Section 9(b)(iii) and (iv) of this Plan, an Option granted to an
Optionee may be exercised only during such Optionee’s lifetime by
such Optionee. An Option may not be sold, exchanged, assigned,
pledged, encumbered, hypothecated or otherwise transferred except
by will or by the laws of descent and distribution. No Option or
any right thereunder shall be subject to execution, attachment
or similar process by any creditors of an Optionee. Upon any
attempted assignment, transfer, pledge, hypothecation or other
cumbersome of any Option contrary to the provisions of this
Plan, such Option and all rights thereunder shall immediately
terminate and shall be null and void with respect to the transferee
or assignee.

11. Compliance with the Securities Laws.

(a) Optionee’s Written Statement. The Board of Directors may,
in its sole discretion, require that at the time an Optionee
elects to exercise his Option, he shall furnish a written
statement to the Company that he is acquiring such Shares
for investment purposes only and that he has no present
intention of reselling or otherwise disposing of such Stock,
along with a written acknowledgment that the Option and
the Shares pertaining to the Option are not registered under
the Securities Act, or any applicable state securities laws. In
the event that Shares subject to the Option are registered
under the Securities Act, an Optionee shall no longer be
required to comply with this subsection 11(a).

(b) Registration Requirements. If at any time the Board of
Directors determines, in its sole discretion, that the listing,
registration or qualification of the Shares subject to an Option
upon any securities exchange or under any federal or state
securities laws, or the consent or approval of any governmental
regulatory body, is necessary or desirable as a condition of,
or in connection with, the issuance or purchase of Shares
thereunder, then the Option may not be exercised, in whole
or in part, unless such listing, registration, qualification,
consent or approval shall have been effected or obtained
(and the same shall have been free of any conditions not
acceptable to the Board of Directors).

(c) Restrictions on Transfer of Shares. The Shares acquired by
an Optionee pursuant to the exercise of an Option shall be
freely transferable; provided, however, that such Shares may
not be sold, transferred, pledged or hypothecated, unless (i)
a registration statement covering the securities is effective
under the Securities Act, or (ii) an opinion of counsel,
satisfactory to the Company, that such sale, transfer, pledge
or hypothecation may legally be made without registration
of such Shares under federal or state securities laws has been
received by the Company.

(d) Restrictive Legend. In order to enforce the restrictions
imposed upon Shares under this Plan, the Company shall
make appropriate notation in its stock records or, if applicable,
shall issue an appropriate stock transfer instruction to the
Company’s stock transfer agent. In addition, the Company
may cause a legend or legends to be placed on any certificates
representing Shares issued pursuant to this Plan, which
legend or legends shall make appropriate reference to such
restrictions in substantially the following form:

“The shares of Common Stock evidenced by this certificate have
been issued under the INTL FCStone Inc. 2013 Stock Option
Plan (the “Plan”) and are subject to the terms and provisions of
such Plan.

These shares have not been registered under the Securities Act of
1933, as amended (the “Act”), or any state securities laws, and,
therefore, cannot be sold unless they are subsequently registered
under the Act and any applicable state securities laws or an
exemption from registration is available.”
12. Changes in Capital Structure of Company. In the event of a capital adjustment resulting from a stock dividend, stock split, reclassification, recapitalization, or by reason of a merger, consolidation, or other reorganization in which the Company is the surviving corporation, the Board of Directors shall make such adjustment, if any, as it may deem appropriate in the number and kind of Shares authorized by this Plan, or in the number, option price and kind of Shares covered by the outstanding Options. The Company shall give notice of any adjustment to each Optionee and such adjustment shall be deemed conclusive. The foregoing adjustments and the manner of application of the foregoing provisions shall be determined solely by the Board of Directors, and any such adjustment may provide for the elimination of fractional Shares.

13. Reorganization Dissolution or Liquidation. In the event of the dissolution or liquidation of the Company, or any merger or combination in which the Company is involved in which the Company is not a surviving corporation, or a transfer by the Company of substantially all of its assets or property to another corporation, or in the event any other corporation acquires control of the Company in a reorganization within the meaning of Section 368(a) of the Code, all outstanding Options shall thereupon terminate, unless such Options are assumed or substitutes therefor are issued (within the meaning of Section 425(a) of the Code) by the surviving or acquiring corporation in any such merger, combination or other reorganization. Notwithstanding the previous sentence, the Company shall give at least fifteen (15) days written notice of such transaction to holders of unexercised Options prior to the effective date of such merger, combination, reorganization, dissolution or liquidation. The Board of Directors, in its sole discretion, may elect to accelerate the vesting schedules of any or all Options previously issued upon such notice, and the holders thereof may exercise such Options prior to such effective date, notwithstanding any time limitation previously placed on the exercise of such Options.

14. Notification of Disqualifying Disposition. If an Optionee sells or otherwise disposes of any of the Shares acquired pursuant to an Incentive Stock Option on or before the later of (i) two years after the date of grant, or (ii) one year after the exercise date, the Optionee shall immediately notify the Company in writing of such disposition.

15. Escrow. In order to enforce the restrictions imposed upon Shares under this Plan, the Board of Directors or the Committee may require any Optionee to enter into an escrow agreement providing that the certificates representing Shares issued pursuant to this Plan shall remain in the physical custody of an escrow holder until any or all of such restrictions have terminated.

16. Application of Funds. All proceeds received by the Company from the exercise of Options shall be paid into its treasury and such proceeds shall be used for general corporate purposes.

17. Optionee’s Rights as a Holder of Shares.
   (a) Prior to Exercise. No Optionee or his legal representatives, legatees or distributees, as the case may be, will be, or will be deemed to be, a holder of any share of Stock subject to an Option unless and until stock certificates for such Shares are issued to such person or persons pursuant to the terms of this Plan. Except as otherwise provided in Section 12 of this Plan, no adjustment shall be made for dividends or other rights for which the record date occurs prior to the date such stock certificate is issued.
   (b) Dividends. Purchasers of Stock pursuant to this Plan will be entitled, after issuance of their stock certificates, to any dividends that may be declared and paid on the Shares registered in their names. A stock certificate representing dividends declared and paid in Shares shall be issued and delivered to the purchaser after such Shares have been registered in the purchaser’s name. Such stock certificate shall bear the legends set forth above and shall be subject to the provisions of this Plan, the Option Agreement and any escrow arrangement.
   (c) Voting Rights. Purchasers of Shares of the Stock shall be entitled to receive all notices of meetings and exercise all voting rights of a shareholder with respect to the Shares purchased.

18. Amendment and Termination of this Plan.
   (a) Discretion of the Board of Directors. The Board of Directors may amend or terminate this Plan at any time; provided, however, that (i) any such amendment or termination shall not adversely affect the rights of any Optionee, unless mutually agreed otherwise between the Optionee and the Company, which agreement must be in writing and signed by the Optionee and the Company; and (ii) the Company shall obtain shareholder approval of any Plan amendment to the extent the Board determines that such approval is necessary and desirable to comply with Section 422 of the Code (or any successor statute or regulation) or other applicable law, rule or regulation, including the requirements of any exchange or quotation system on which the Common Stock is listed or quoted. Such stockholder approval, if required, shall be obtained in such a manner and to such a degree as is required by the applicable law, rule or regulation.
   (b) Automatic Termination. This Plan shall terminate ten (10) years after its approval by the shareholders of the Company or its adoption by the Board of Directors, whichever is earlier, unless the Board of Directors shall, in its discretion, elect to terminate this Plan at an earlier date. Options may be granted under this Plan at any time and from time to time prior to termination of this Plan under this subsection 18(b). Any Option outstanding at the time this Plan is terminated under this subsection 18(b) shall remain in effect until the Option is exercised or expires.

19. Miscellaneous.
   (a) Notices. All notices and elections by an Optionee shall be in writing and delivered in person or by mail to the President or Treasurer of the Company at the principal office of the Company.
   (b) Effective Date of this Plan. This Plan shall be effective upon adoption of this Plan by the Board of Directors. This Plan shall be submitted to the shareholders of the Company for their approval within 12 months of the approval by the Board of Directors and, if such approval is not obtained, this Plan shall terminate. Options may be granted prior to the obtaining of such shareholder approval but the exercise of such options shall be conditioned upon such shareholder approval.
(c) Employment. Nothing in this Plan or in any Option granted under this Plan, or in any Stock Option Agreement relating thereto shall confer upon any employee of the Company or any Subsidiary, or any successor thereof, the right to continue in the employ of the Company or any Subsidiary.

(d) Section 409A. This Plan is intended to comply with Section 409A of the Code to the extent subject thereto, and, accordingly, to the maximum extent permitted, this Plan shall be interpreted and administered to be in compliance therewith.

(e) Plan Binding. This Plan shall be binding upon the successors and assigns of the Company.

(f) Gender. Whenever used in this Plan, nouns in the singular shall include the plural, and the masculine pronoun shall include the feminine gender.

(g) Headings. Captioned headings of Sections and subsections of this Plan are inserted for convenience and reference, and constitute no part of this Plan.

(h) Applicable Law. This Plan and related Option Agreements shall be governed by and construed in accordance with the laws of the State of Delaware without regard to the conflicts of law principles thereof.
