August 5, 2025

Quarterly Net Operating Revenues of \$488.3 million, up 4%

Quarterly Diluted EPS of \$1.22 per share

NEW YORK, Aug. 05, 2025 (GLOBE NEWSWIRE) -- StoneX Group Inc. (the "Company"; NASDAQ: SNEX), a global financial services network that connects companies, organizations, traders and investors to the global market ecosystem through a unique blend of digital platforms, end-to-end clearing and execution services, high touch service and deep expertise, today announced its financial results for the fiscal year 2025 third quarter ended June 30, 2025.

Sean O'Connor, the Company's Executive Vice-Chairman of the Board, stated, "The diversity of our business model was on display in our third quarter results, as significant growth in our Institutional segment net operating revenues, most notably in equity markets, combined with a strong performance in our Self-Directed/Retail segment, more than offset declines in our Commercial businesses due to diminished commodity volatility and tariff related uncertainty. This resulted in modest growth in net income versus the prior year despite \$8.9 million in acquisition-related charges in the current quarter, including \$6.5 million in bridge loan financing charges and \$2.4 million in professional fees, which combined equated to a reduction of approximately \$0.12 in diluted EPS for the quarter.

We were excited to announce the closing of the acquisitions of R.J. O'Brien and The Benchmark Company, LLC on July 31, 2025. R.J. O'Brien, the oldest futures brokerage in the U.S., brings an attractive financial profile, having generated approximately \$766 million in revenue and approximately \$170 million in EBITDA during calendar 2024 and we believe positions us as a market leader in global derivatives. The Benchmark Company, LLC, enhances our capital markets offering, adding a full-service investment banking firm with a robust sales and trading platform, award-winning equity research, and a highly experienced investment banking team, while further expanding our client base.

We believe that the ability to offer our expansive range of products to this newly acquired client base, as well as offering these expanded capabilities to our existing clients, positions us well to continue to drive results for our shareholders in the future."

StoneX Group Inc. Summary Financials

Total interest expense	\$ 391.4	\$ 321.1	22%	\$ 1,044.2	\$ 845.7	23%

The increase in interest expense attributable to fixed income securities and securities borrowing was principally due to the growth in the size of the security repo and securities lending businesses.

During the three months ended June 30, 2025, interest expense attributable to corporate funding included \$6.5 million of bridge loan financing fees related to the amendment of our revolving credit facility and the issuance of the Senior Secured Notes due 2032, which closed on July 8, 2025, both of which were done in conjunction with the acquisition of R.J. O'Brien, which closed on July 31, 2025.

During the three months ended June 30, 2024, interest expense attributable to corporate funding included incremental interest from our March 1, 2024 issuance of the Senior Secured Notes due 2031. While funds from the issuance of the Senior Secured Notes due 2031 were used to redeem the Senior Secured Notes due 2025, the redemption did not occur until June 17, 2024, in order to allow us to redeem those notes at par. At the redemption of the Senior Secured Notes due 2025, we also recognized a \$3.7 million loss on the extinguishment of debt related to the write-off of unamortized original issue discount and deferred financing costs.
