INTL FCStone Expands Foreign Exchange Trading Capabilities

NEW YORK, April 27, 2015 (GLOBE NEWSWIRE) -- INTL FCStone Inc. (Nasdaq:INTL), a diversified financial services organization delivering financial products, advisory and execution services to commercial clients around the world, today announced that its subsidiary, INTL FCStone Markets, LLC., has introduced the ability to trade Over the Counter (OTC) FX products to qualified users of CQG. This will allow any CQG client to access and trade OTC FX with INTL FCStone Markets so that now they will be able to trade futures and spot FX all on the same platform. Clients will be able to trade via the CQG API or front end and INTL FCStone Markets will offer streaming executable spot rates on 75 currency pairs.

Edgar Ramon, Global Head of FX for INTL FCStone's subsidiary FCStone, LLC., said, "By integrating FX pricing into the CQG platform, clients will be able to trade both futures and FX on the same trading platform instead of using two different systems."

About INTL FCStone Inc.

INTL FCStone Inc., including its subsidiaries, is a leader in the development of specialized financial services in commodities, securities, global payments, foreign exchange and other markets. Its revenues are derived primarily from financial products and advisory services that fulfill clients' needs and provide bottom-line benefits to their businesses. INTL creates added value for clients by providing access to global financial markets using industry and financial expertise, deep partner and network relationships, insight and guidance, and integrity and transparency. INTL's client-first approach engenders trust, and has enabled INTL to establish leadership positions in a number of complex fields in financial markets around the world.
