## **INTL FCStone Inc. to Host Inaugural Global Markets Outlook Conference March 7-9, 2018**

### **Conference to provide macroeconomic and geopolitical analysis as well as deliver sector-specific outlooks for 2018**

NEW YORK, Feb. 5, 2018 /PRNewswire/ -- [INTL FCStone Inc.](#) (NASDAQ: INTL) (the "Company") today announced that it will convene its inaugural [Global Markets Outlook](#) Conference on March 7-9, 2018 at the Hard Rock Hotel and Casino in Las Vegas.

Commodities · Global Payments · Foreign Exchange · Securities

In today's interconnected markets, one small move in a single commodity, currency, stock price or key interest rate can create significant impacts across the entire global financial system. For this reason, INTL FCStone has decided to combine all of its industry-leading economic and commodity outlooks for 2018 into one definitive global markets event. This Global Markets Outlook will not only deliver individual outlooks on hard and soft commodities, currencies, global payments trends and more, but also aims to provide the macroeconomic and geopolitical insights required to tie those outlooks together into a cohesive market approach for 2018 and beyond. The Company believes that anyone active in the financial markets - from commodities to securities to banking and asset management - will gain an advantage from attending. The event is being hosted by INTL FCStone Inc. and is sponsored by [CME Group](#).

#### **Session topics include:**

Dave Smoldt, President, Commodities Division at INTL FCStone commented on today's news, "We are very excited to host

our first ever Global Markets Outlook conference. We believe that this unprecedented concentration of expertise across so many sectors will provide new and unique perspectives for any professional involved in the global financial markets - be it in commodities, currencies, equities, fixed income or wealth management and advisory. At INTL FCStone, we are committed to providing industry-leading advisory services and trade execution as well as education through events like this. We will be leveraging our unique model of serving the middle-market through a global footprint that trades in all asset classes to bring some of the best and brightest minds from the industry to impart their knowledge and expertise. I'm looking forward to robust discussion and an excellent event."

March 7: Educational Over-the-Counter (OTC) Hedging Seminar
