INTL FCStone Inc. Announces Filing of Universal Shelf Registration Statement

NEW YORK, Feb. 19, 2013 (GLOBE NEWSWIRE) -- INTL FCStone Inc. (Nasdaq:INTL) today announced that it has filed a universal Shelf Registration Statement with the Securities and Exchange Commission ("SEC").

The Shelf Registration Statement is intended to provide the Company with flexibility to access the public capital markets in order to respond to financing and business opportunities in the future but does not obligate the Company to do so. Although the Shelf Registration Statement relating to these securities has been filed with the SEC, it has not yet become effective. If and when the Shelf Registration Statement is declared effective by the SEC, the Company may, from time to time, issue up to an aggregate of \$250 million of equity, debt or other types of securities through one or more methods of distribution.

Although the Company does not have any current commitments or intentions to sell securities, the terms of any future offering would be established at the time of offering subject to market conditions. Any offering of securities covered by the Shelf Registration Statement will be made only by means of a written prospectus and prospectus supplement filed with the SEC at the times of the offerings and will include the use of proceeds and other terms of the offering.

These securities may not be sold nor may offers to buy be accepted prior to the time the Shelf Registration Statement becomes effective. This press release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.
