PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MARCH 3, 2010

GENERAL

The enclosed proxy is solicited on behalf of the Board of Directors of International Assets Holding Corporation, a Delaware corporation (the "Company"), for use at the annual meeting of shareholders to be held on Wednesday, March 3, 2010, at 10:00 a.m. (Central Standard Time), or at any adjournment or postponement of the meeting, for the purposes set forth in this proxy statement and in the accompanying Notice of Annual Meeting. The annual meeting will be held at the InterContinental Hotel, Kansas City at the Plaza, 401 Ward Parkway, Kansas City, Missouri 64112. The Company intends to mail this proxy statement and accompanying proxy card on or about January 15, 2010 to all shareholders entitled to vote at the annual meeting.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Why did I receive this proxy statement?

You received this proxy statement because you held shares of the Company's common stock on January 6, 2010 (the "Record Date") and are entitled to vote at the annual meeting. The Board of Directors is soliciting your proxy to vote at the meeting.

When and where will the annual meeting take place?

The annual meeting will be on March 3, 2010 at 10:00 a.m. (Central Standard Time), at the InterContinental Hotel, Kansas City at the Plaza, 401 Ward Parkway, Kansas City, Missouri 64112.

What am I voting on?

You are being asked to vote on two items:

1. The election of four Class I Directors (see page 5); and
2. The ratification of KPMG, LLP as the Company's independent registered public accounting firm for the 2010 fiscal year (see page 39).

How do I vote?

Shareholders of Record

If you are a shareholder of record, there are four ways to vote:

- By toll free telephone at **1-866-540-5760**.
- By internet at www.proxyvoting.com/iaac
- By completing and returning your proxy card in the postage-paid envelope provided by the Company; or
- By voting in person at the meeting.

Street Name Holders

Shares which are held in a brokerage account in the name of the broker are said to be held in “street name.”

If your shares are held in street name, you should follow the voting instructions provided by your broker. You may complete and return a voting instruction card to your broker, or, in many cases, your broker may also allow you to vote via the telephone or internet. Check your proxy card for more information. If you hold your shares in street name and wish to vote at the meeting, you must obtain a legal proxy from your broker and bring that proxy to the meeting.

Regardless of how your shares are registered, if you complete and properly sign the accompanying proxy card and return it to the address indicated, it will be voted as you direct.

What is the deadline for voting via Internet or telephone?

Internet and telephone voting is available through 11:59 p.m. Eastern Standard Time on Tuesday, March 2, 2010 (the day before the annual meeting).

What are the voting recommendations of the Board of Directors?

The Board of Directors recommends that you vote in the following manner:

1. FOR each of the persons nominated by the Board of Directors to serve as Directors; and
2. FOR the ratification of the appointment of KPMG, LLP as independent registered public accounting firm for the 2010 fiscal year.

Unless you give contrary instructions on your proxy card, the persons named as proxies will vote your shares in accordance with the recommendations of the Board of Directors.

[Table of Contents](#)

Will any other matters be voted on?

We do not know of any other matters that will be brought before the shareholders for a vote at the annual meeting. If any other matter is properly brought before the meeting, your signed proxy card would authorize Diego Veitia and Sean O'Connor to vote on such matters in their discretion.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on the Record Date are entitled to receive notice of and to vote at the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the annual meeting, or any postponement or adjournment of the meeting.

How many votes do I have?

You will have one vote for each share of the Company's common stock that you owned on the Record Date.

How many votes can be cast by all shareholders?

The Company had 17,539,097 outstanding shares of common stock on the Record Date. Each of these shares is entitled to one vote. There is no cumulative voting.

How many votes must be present to hold the meeting?

The holders of a majority of the Company's common stock outstanding on the Record Date must be present at the meeting in person or by proxy in order to fulfill the quorum requirement necessary to hold the meeting. This means at least 8,769,549 shares must be present in person or by proxy.

If you vote, your shares will be part of the quorum. Abstentions and broker non-votes will also be counted in determining the quorum. A broker non-vote occurs when a bank or broker holding shares in street name submits a proxy that states that the broker does not vote for some or all of the proposals because the broker has not received instructions from the beneficial owners on how to vote on the proposals and does not have discretionary authority to vote in the absence of instructions.

We urge you to vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that a quorum has been achieved.

What vote is required to approve each proposal?

For the election of Directors (Proposal No. 1), the affirmative vote of a plurality of the votes present in person or by proxy and entitled to vote at the meeting is required. A proxy that has properly withheld authority with respect to the election of one or more Directors will not be voted with respect to the Director or Directors indicated, although it will be counted for the purposes of determining whether there is a quorum.

For the ratification of the appointment of KPMG LLP (Proposal No.2), the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote at the meeting will be required for approval. An abstention with respect to this

[Table of Contents](#)

proposal will be counted for the purposes of determining the number of shares entitled to vote that are present in person or by proxy. Accordingly, an abstention will have the effect of a negative vote.

Can I change my vote?

Yes. If you are stockholder of record, you may change your vote at any time before your proxy is voted at the annual meeting. You can do this in one of three ways. First, you can send a written notice stating that you would like to revoke your proxy. Second, you can submit new proxy instructions either on a new proxy card, by telephone or via the Internet. Third, you can attend the meeting, and vote in person. Your attendance alone will not revoke your proxy. If you have instructed a broker to vote your shares, you must follow directions received from your broker to change those instructions.

Who can attend the annual meeting?

Any person who was a shareholder of the Company on January 6, 2010 may attend the meeting. If you own shares in street name, you should ask your broker or bank for a legal proxy to bring with you to the meeting. If you do not receive the legal proxy in time, bring your most recent brokerage statement so that we can verify your ownership of our stock and admit you to the meeting. However, you will not be able to vote your shares at the meeting without a legal proxy.

What happens if I sign and return the proxy card but do not indicate how to vote on an issue?

If you return a proxy card without indicating your vote, your shares will be voted as follows:

- FOR each of the nominees for Director named in this proxy statement, and
- FOR ratification of the appointment of KPMG, LLP as the independent registered public accounting firm for the Company for the 2010 fiscal year.

Who can help answer my questions?

If you are an International Assets stockholder, and would like additional copies, without charge, of this proxy statement or if you have questions about the annual meeting, including the procedures for voting your shares, you should contact:

THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Company's Board of Directors is responsible for establishing broad corporate policies and for overseeing the overall management of the Company. In addition to considering various matters which require its approval, the Board of Directors provides advice and counsel to, and ultimately monitors the performance of, the Company's senior management.

There are three committees of the Board of Directors — the Audit Committee, the Compensation Committee and the Nominating & Governance Committee. Committee assignments are re-evaluated annually and approved during the Board meeting that follows the annual meeting of shareholders. On October 5, 2009 following the merger with FCStone, the Board reconstituted its committees to include the newly elected Directors from FCStone. The Board of Directors has adopted charters for all of its Committees. Copies of these charters can be found on the Company's website at <http://www.intlassets.com>.

During the fiscal year ended September 30, 2009, the Board of Directors held eight meetings. Each Director (other than Sean M. O'Connor) attended at least 75% of the total number of meetings of the Board and the Board committees of which he was a member in 2009.

The Company has adopted a formal policy regarding attendance by members of the Board of Directors at the Company's annual meeting of shareholders and at scheduled meetings of the board of Directors. This policy is as follows:

Attendance of Directors at Meetings

The Board of Directors currently holds regularly scheduled meetings and calls for special meetings as necessary. Meetings of the Board may be held telephonically. Directors are expected to attend all Board meetings and meetings of the Committees of the Board on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their duties.

Directors are also expected to attend the annual meeting of shareholders. The Board believes that Director attendance at shareholder meetings is appropriate and can assist Directors in carrying out their duties. When Directors attend shareholder meetings, they are able to hear directly shareholder concerns regarding the Company. It is understood that special circumstances may occasionally prevent a Director from attending a meeting.

Six of the Company's then seven current Directors attended the 2009 annual meeting of the shareholders on February 26, 2009.

Audit Committee

The Audit Committee meets at least quarterly with the Company's management and independent accountants to, among other things, review the results of the annual audit and quarterly reviews and discuss the financial statements, select and engage the independent accountants, assess the adequacy of the Company's staff, management performance and procedures in connection with financial controls and receive and consider the accountants' comments on the Company's internal controls. The members of the Audit Committee during the 2009 fiscal year were: John Radziwill (Chairman), Justin R. Wheeler and John M. Fowler. The Audit Committee met eight times during the 2009 fiscal year.

[Table of Contents](#)

The current members of the Audit Committee are: Daryl Henze (Chairman), Brent Bunte, Bruce Krehbiel, John Radziwill and Justin Wheeler.

The Board has determined that each member of the Audit Committee who served during the Company's 2009 fiscal year, as well as each current member of the Audit Committee, is an "audit committee financial expert" within the meaning of Item 407(d)(5) of SEC Regulation S-K.

Compensation Committee

The Compensation Committee makes determinations concerning salaries and incentive compensation and otherwise determines compensation levels for the Company's executive officers and other key employees and performs such other functions regarding compensation as the Board may delegate. The members of the Compensation Committee during the 2009 fiscal year were: John M. Fowler (Chairman), John Radziwill and Robert A. Miller. The Compensation Committee met six times during the 2009 fiscal year.

The current members of the Compensation Committee are: John Fowler (Chairman), Jack Friedman, Robert Miller, Eric Parthemore and John Radziwill.

Nominating & Governance Committee

The Nominating & Governance Committee reviews and evaluates the effectiveness of the Company's executive development and succession planning processes, as well as providing active leadership and oversight of these processes. The Nominating & Governance Committee also evaluates and recommends nominees for membership on the Company's Board of Directors and its committees and develops and recommends to the Board a set of effective corporate governance policies and procedures.

The members of the Nominating & Governance Committee during the 2009 fiscal year were: Robert A. Miller (Chairman), John Radziwill and Justin R. Wheeler. The Committee met five times during the 2009 fiscal year.

The current members of the Nominating & Governance Committee are: John Radziwill (Chairman), Brent Bunte, Jack Friedman, Robert A Miller and Justin Wheeler.

In September 2005, the Board of Directors adopted a formal policy concerning shareholder recommendations for candidates as nominees to the Board of Directors. The policy has been incorporated into the charter of the Nominating & Governance Committee which is posted on the Company's website. The policy is as follows:

The Nominating & Governance Committee is charged with recommending to the entire board a slate of Director nominees for election at each annual meeting of the shareholders. Candidates for Director nominees are selected for their character, judgment and business experience.

The Committee will consider recommendations from the Company's shareholders when establishing the slate of Director nominees to be submitted to the entire board. Such recommendations will be evaluated by the Committee using the same process and criteria that are used for recommendations received from Directors and executive officers. The Committee will consider issues of diversity, experience, skills, familiarity with ethical and corporate governance issues which the Company faces in the

current environment, and other relevant factors. The Committee will make these determinations in the context of the perceived needs of the Company at the time.

Procedures by which Shareholders may submit Nominees for Director

For a shareholder to recommend a Director nominee to the Committee, the shareholder should send the recommendation to the Chairman of the Nominating & Governance Committee, c/o Corporate Secretary, International Assets Holding Corporation, 1251 NW Briarcliff Parkway, Suite 800, Kansas City, Missouri 64116. The recommendation should include (a) the name, address and telephone number of the potential nominee; (b) a statement regarding the potential nominee's background, experience, expertise and qualifications; (c) a signed statement from the potential nominee confirming his or her willingness and ability to serve as a Director and abide by the corporate governance policies of International Assets Holding Corporation (including its Code of Ethics) and his or her availability for a personal interview with the Committee; and (d) evidence establishing that the person making the recommendation is a shareholder of the Company.

Recommendations which comply with the foregoing procedures and which are received by the Secretary before September 1 in any year will be forwarded to the Chairman of the Nominating & Governance Committee for review and consideration by the Committee for inclusion in the slate of Director nominees to be recommended to the entire Board for presentation at the annual meeting of shareholders in the following year. In evaluating Director nominees, the Nominating & Governance Committee considers the following factors:

- the appropriate size of the Company's Board of Directors;
- the needs of the Company with respect to the particular talents and experience of its Directors;
- the knowledge, skills and experience of nominees, including experience in securities markets, business, finance, administration or public service, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board;
- familiarity with national and international business matters;
- experience with accounting rules and practices; and
- the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members.

The Nominating & Governance Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience.

Other than the foregoing, there are no stated minimum criteria for Director nominees, although the Nominating & Governance Committee may also consider such other factors as it may deem are in the best interests of the Company and its shareholders. The

[Table of Contents](#)

Nominating & Governance Committee also believes that it is appropriate for certain key members of the Company's management to serve as Directors.

The Nominating & Governance Committee identifies nominees by first evaluating the current members of the Board of Directors who are willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Nominating & Governance Committee or the Board decides not to re-nominate a member for re-election, the Nominating & Governance Committee identifies the desired skills and experience of a new nominee in light of the criteria above. Current members of the Nominating & Governance Committee and Board of Directors are polled for suggestions as to individuals meeting the criteria of the Nominating & Governance Committee. Research may also be performed to identify qualified individuals. To date, the Company has not engaged third parties to identify or evaluate potential nominees, although the Company reserves the right in the future to retain a third party search firm, if necessary.

Shareholder Communications with Non-Management Members of the Board

The Company has adopted a formal process for shareholder communications with the independent members of the Board. The policy, which is available on the Company's website, www.intlassets.com, is as follows:

Interested parties are invited to communicate with the non-management members of the Board by sending correspondence to the non-management members of the Board of Directors, c/o Corporate Secretary, International Assets Holding Corporation, 1251 NW Briarcliff Parkway, Suite 800, Kansas City, Missouri 64116. or via e-mail to board@intlassets.com.

The Corporate Secretary will review all such correspondence and forward to the non-management members of the Board a summary of all such correspondence received during the prior month and copies of all such correspondence that deals with the functions of the Board or committees thereof or that otherwise is determined to require attention of the non-management Directors. Non-management Directors may at any time review the log of all correspondence received by the Company that is addressed to the non-management members of the Board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters will immediately be brought to the attention of the Chairman of the Audit Committee.

BOARD MEMBER INDEPENDENCE

The Board of Directors annually determines the independence of Directors based upon a review conducted by the Nominating & Governance Committee and the Board. No Director is considered independent if he is an executive officer or employee of the Company or has a relationship which, in the opinion of the Company's board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director.

The Board of Directors has determined that, in its judgment as of the date of this Proxy Statement, each of the Company's Directors, other than Sean O'Connor, Scott Branch and Paul Anderson, are independent Directors within the meaning of Rule 5600 of the NASDAQ Stock Exchange. Accordingly, all of the members of the Audit, Compensation and Nominating & Governance Committees are independent within the meaning of NASDAQ Rule 5600.

**EXECUTIVE COMPENSATION—
COMPENSATION DISCUSSION AND ANALYSIS**

This section contains a discussion of the Company's executive compensation program, including the objectives of the program, the policies underlying the program, the types of compensation provided by the program, and how the Company determined the compensation paid to each named executive officer.

Background

The Company's Compensation Committee has primary responsibility for the design and implementation of the Company's executive compensation program. The Committee directly determines the compensation for the Company's principal executive officers. The Committee receives recommendations from the Chief Executive Officer regarding the compensation of the President, the Chief Operating Officer, the Chief Financial Officer and the Chief Legal and Governance Officer. The Committee also supervises and reviews the compensation for the Company's other executive officers. The salaries for those officers are currently determined by one or more of the Company's principal executive officers.

For the 2009 fiscal year, the three principal executive officers were Sean M. O'Connor, who served as the Chief Executive Officer, Scott Branch, who served as the President, and Brian Sephton, who served as the Chief Financial Officer. The other named executive officers for the 2009 fiscal year were Nancey McMurtry, who served as Vice-President and Secretary and James Tivy, who served as the Group Controller.

After the end of the 2009 fiscal year, following the merger with FCStone, the Company appointed Paul G. Anderson as President and William J. Dunaway as Chief Financial Officer. At that time, Scott J. Branch became the Chief Operating Officer and Brian Sephton became the Chief Legal and Governance Officer.

The Company's executive compensation program has been designed to reflect the Company's vital need to attract and retain executives with specific skills and experience in the various businesses operated by the Company. In this regard, the success of these businesses is directly dependent on the ability of the Company's executives to generate operating income with an appropriate level of risk. The Company competes with larger and better capitalized companies for individuals with the required skills and experience. As a result, the Company must have a compensation program which provides its executives with a competitive level of compensation relative to the compensation available from the Company's competitors.

The Company's executive compensation program has also been designed to reward executives based on their contribution to the Company's success. The Compensation Committee believes that a compensation program which relies heavily on performance based compensation will both maximize the efforts of the Company's executives and align the interests of executives with those of shareholders. This form of compensation also allows the Company to compete for talented individuals since it is common in the financial services industry.

Objectives of the Company's Executive Compensation Program

The Company's executive compensation program is designed to meet three principal objectives:

- to provide competitive levels of compensation in order to attract and retain talented executives,
- to provide compensation which reflects the contribution made by each executive to the Company's success, and
- to encourage long term service to the Company by awarding equity based compensation.

Attract and Retain Talented Employees

The Company's success depends on the leadership of senior executives and the skills and experience of its other executives. In order to attract and retain highly capable individuals, the Company needs to ensure that the Company's compensation program provides competitive levels of compensation. Therefore, the Compensation Committee seeks to provide executives with compensation that is similar to the compensation paid by other financial services firms.

Provide Compensation Based on Performance

The Company believes that its continued success requires it to reward individuals based upon their contribution to the Company's success. Accordingly, a substantial portion of each executive's compensation is in the form of bonuses, which are paid based on both objective and subjective criteria.

Encourage Long-Term Service through Equity Awards

The Company seeks to encourage long-term service by making equity awards to the Company's executives. In the case of the principal executive officers, the Compensation Committee may elect to award a portion of the executive's bonus in the form of restricted stock. In the case of other executives, the Compensation Committee offers the executives the right to receive a portion of their bonuses in the form of restricted stock. All executives have the right to exchange a portion of any restricted stock awards for stock options.

What the Executive Compensation Program is Designed to Reward

By linking compensation opportunities to performance of the Company as a whole, the Company believes the Company's compensation program encourages and rewards:

- Efforts by each executive to enhance firm-wide productivity and profitability
- Entrepreneurial behavior by each executive to maximize long-term equity value in the interest of all shareholders

Elements of Compensation

The Company's executive compensation program provides for the following elements of compensation:

- base salary
- bonus under established bonus plans with objective criteria
- discretionary bonus based on subjective criteria
- health insurance and similar benefits

Base Salary

The Company pays each executive officer an annual base salary in order to provide the executive with a predictable level of income and enable the executive to meet living expenses and financial commitments. The Compensation Committee views base salary as a way to provide a non-performance based element of compensation that is certain and predictable. The Compensation Committee believes the base salaries paid to the Company's executive officers in 2009 were modest compared to other financial service firms.

The annual base salaries for Sean M. O'Connor and Scott J. Branch in 2009 were \$175,000. These salaries were established when these executives joined the Company in 2002 and remained unchanged through the end of the 2009 fiscal year. The Board voted to increase these base salaries to \$400,000 as of December 1, 2009, based on a recommendation of the Compensation Committee.

The annual base salary for Brian Sephton in 2009 was \$135,000. It was established when he joined the Company in 2004 and remained unchanged through the end of the 2009 fiscal year. The Board voted to increase his base salary to \$200,000 as of December 1, 2009, based on a recommendation of the Compensation Committee.

The annual base salary for James Tivy for 2009 was \$120,000. This salary was determined by the Chief Financial Officer and the President and was reviewed by the Compensation Committee. The base salary for Nancey McMurtry for 2009 was \$125,000. This salary was determined by the Chief Executive Officer and the President and was reviewed by the Compensation Committee.

Executive Performance Plan

The Company adopted the Executive Performance Plan (the "EPP") in 2007 in order to provide bonuses to designated executives based upon objective criteria. The plan is structured to satisfy the requirements for performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code so that the compensation is deductible for federal income tax purposes. The EPP permits awards to be paid in cash, restricted stock or a combination of both.

[Table of Contents](#)

The Company utilized the EPP to reward the Company's three principal executive officers during the 2009 fiscal year (Messrs. O'Connor, Branch and Sephton). The bonuses paid under the EPP are objective and are based on criteria established by the Company in advance. The Compensation Committee utilizes bonuses under the EPP as the Company's primary tool for encouraging executives to maximize productivity and profitability. Awards under the plan provide executives with an incentive to focus on aspects of the Company's performance that the Compensation Committee believes are key to the Company's success.

The Compensation Committee administers the EPP and has responsibility for designations of eligible participants and establishing specific "performance targets" for each participant in the plan. The performance targets may be based on one or more of the following business criteria, or on any combination of these criteria:

- change in share price
- adjusted return on equity
- control of fixed costs
- control of variable costs
- adjusted EBITDA growth

The targets must be established while the performance relative to the target remains substantially uncertain within the meaning of Section 162(m).

With respect to adjusted EBITDA growth, the plan provides that earnings before interest, taxes, depreciation and amortization ("EBITDA") for any year will be adjusted as follows: to the extent that any portion of the commodity inventory of the Company and its subsidiaries is valued pursuant to generally accepted accounting principles ("GAAP") at the end of any year at the lower of cost or market value, the EBITDA for such year will be increased by the amount of any unrealized gains which the Company would have recognized in that year if such commodity inventory had been valued at market in accordance with GAAP.

With respect to adjusted return on equity and adjusted EBITDA growth, the plan generally requires that adjustments be made to return on equity or EBITDA, as the case may be, when determining whether the applicable performance targets have been met, so as to eliminate, in whole or in part, in any manner specified by the Committee at the time the performance targets are established, the gain, loss, income and/or expense resulting from the following items:

- changes in accounting principles that become effective during the performance period;
- extraordinary, unusual or infrequently occurring events reported in the Company's public filings, excluding early extinguishment of debt, and
- the disposition of a business, in whole or in part.

[Table of Contents](#)

The Committee may, however, provide at the time the performance targets are established that one or more of these adjustments will not be made as to a specific award or awards.

In addition, the Committee may determine at the time the goals are established that other adjustments will be made under the selected business criteria and applicable performance targets to take into account, in whole or in part, in any manner specified by the Committee, any one or more of the following:

- gain or loss from all or certain claims and/or litigation and insurance recoveries,
- the impact of impairment of tangible or intangible assets
- restructuring activities reported in the Company's public filings, and
- the impact of investments or acquisitions.

Each of these adjustments may relate to the Company as a whole or any part of the Company's business or operations, as determined by the Committee at the time the performance targets are established. The adjustments are to be determined in accordance with generally accepted accounting principles, unless another objective method of measurement is designated by the Committee. Finally, adjustments will be made as necessary to any business criteria related to the Company's stock to reflect changes in corporate capitalization, such as stock splits and certain reorganizations.

Concurrently with the selection of performance targets, the Committee must establish an objective formula or standard for calculating the maximum bonus payable to each participating executive officer. Under the plan, the maximum bonus for each fiscal year may not exceed \$3,000,000 for any executive.

Over the five-year term of the plan, the maximum per participant amounts are thus \$15,000,000 for each executive. Notwithstanding this overall maximum, the Committee has sole discretion to determine, pursuant to its "negative discretion," whether to actually pay any of or the entire maximum permissible bonus or to defer payment or vesting of any bonus, subject in each case to the plan's terms and any other written commitment authorized by the Committee. The Committee is also authorized to exercise its negative discretion by establishing additional conditions and terms of payment of bonuses, including the achievement of other financial, strategic or individual goals, which may be objective or subjective, as it deems appropriate. Although the Committee may waive these additional conditions and terms, it may not waive the basic performance target as to the business criterion chosen for any particular period.

Bonuses will be paid in either cash or a combination of cash and restricted stock on a basis to be established by the Committee. In general, restricted stock is a grant of stock that is subject to forfeiture if specified vesting requirements are not satisfied.

If any portion of a bonus is payable in the form of restricted stock, then the restricted stock will be issued to the executive at a discount of 25% to the market value of the Company's common stock (determined as of the date that is 75 days following the end of the applicable performance period, or, if the committee has not determined the bonus by this date, 15 days after the amount of the bonus is determined and certified by the Committee). These shares of restricted stock will vest at the rate of one-third per year, with the first one-third to vest on the first anniversary of the award and each subsequent one-third to vest at the end of each subsequent anniversary, all as specified with greater particularity in an award agreement to be entered into in accordance with the Company's

Table of Contents

Restricted Stock Plan. In its discretion, the Committee may waive these provisions and elect to pay 100% of any bonus payable under the plan, regardless of amount, entirely in cash (for example, in the case of a participant who already holds a substantial number of shares). Likewise, in its discretion, the Committee may alter the vesting period or reduce the discount applicable to any restricted stock award.

In the event sufficient shares are not available pursuant to the Restricted Stock Plan, then the entire bonus will be payable in cash.

In any case in which a bonus is to be paid to a participant in part in the form of restricted stock, the participant may elect to exchange up to 33% of shares of such restricted stock for options to acquire three times such number of shares of the Company's common stock pursuant to and in accordance with the 2003 Stock Option Plan (the "Substitute Options"). The Substitute Options will have the following terms:

- the initial exercise price will be equal to the Fair Market Value (as defined in the Stock Option Plan) of the Company's common stock on the date that the Substitute Options are granted,
- the Substitute Options will have a term of four years,
- the right to exercise the Substitute Options will generally vest at the rate of one-third per year, with the first one-third to vest on the first anniversary of the grant and each subsequent one-third to vest on each subsequent anniversary, and
- other terms to be established by the Committee in accordance with the terms of the 2003 Stock Option Plan.

A participant's election to receive Substitute Options must be made by written notice to the Committee not more than five days following the participant's receipt of notice that the participant has been awarded restricted stock under the plan.

The performance plan may from time to time be amended, suspended or terminated, in whole or in part, by the Board of Directors or the Committee, but no amendment will be effective without Board and/or shareholder approval if such approval is required to satisfy the requirements of Section 162(m).

[Table of Contents](#)**Application of Executive Performance Plan in 2009**

For 2009, the Compensation Committee selected Sean O'Connor, Scott Branch and Brian Sephton to be participants in the Executive Performance Plan, with targeted bonus amounts of \$925,000 in the case of Sean O'Connor and Scott Branch, and \$693,750 in the case of Brian Sephton.

The actual amounts payable under the plan for 2009 were based on the following five performance targets, weighted as follows: increase in share price (25%), adjusted return on equity (25%), fixed costs (12.5%), variable costs (12.5%) and adjusted EBITDA growth (25%).

(4) This executive also received an additional discretionary cash bonus of \$331,094, an additional discretionary award of 11,743 restricted shares and additional incentive compensation consisting of 10,000 restricted shares and options to purchase 80,000 shares of common stock. See "Discretionary Bonuses" and "Additional Incentive Compensation".

Discretionary Bonuses

The Company may award discretionary bonuses to its executives based on a subjective evaluation of the executive's performance and the overall performance of the Company. These awards are in addition to bonuses paid under the Executive Performance Plan.

In the case of discretionary bonuses awarded to the principal executive officers, the discretionary bonuses are awarded in the form of cash, restricted stock or a combination of both, as determined by the Compensation Committee. The nominal amount of the portion of any bonus which is awarded in the form of restricted stock is issued at a 25% discount from the fair market value of the Company's common stock at the time of the award. The restricted stock vests over a period of three years.

In the case of discretionary bonuses awarded to other executive officers, the discretionary bonuses are awarded in the form of cash, unless the executive elects, prior to the end of the first quarter of each fiscal year, to receive a portion of any discretionary bonuses in the form of restricted stock. In the event that the executive makes such an election, then a portion of the nominal amount of the bonus is awarded in the form of restricted stock. This portion is equal to 15% of the first \$50,000 of the bonus and 30% of the portion over \$50,000. The restricted shares are issued at a 25% discount from the fair market value of the Company's common stock at the time of the award. The restricted stock vests over a period of three years. These executives also have the right to elect to exchange one-third of the restricted stock awarded for three times the number of stock options.

In 2009, the Compensation Committee utilized discretionary bonuses in order to adjust the total compensation paid to three principal executives to an amount which the Compensation Committee believed to be appropriate in light of each executive's contribution to the Company's success for the fiscal year, including the successful consummation of the merger with FCStone.

For 2009, the Compensation Committee elected to award discretionary bonuses in the following amounts to the three principal executive officers:

			<u>(#)</u>	<u>Value</u>

(3) This column sets forth the number of shares of restricted stock awarded to each executive and the value of the shares calculated in accordance with the Stock Compensation Topic of the Accounting Standards Codification. These shares vest over a period of three years. These shares were granted on December 14, 2009, and had a fair market value of \$15.56 per share on the date of grant.

The Committee determined the nominal amount of the discretionary bonuses paid to the three principal officers in light of its assessment of the Company's performance in 2009. In this connection, the Committee concluded that the bonuses earned by these executives under the Executive Performance Plan did not adequately reflect the executives' performance in 2009, including the successful consummation of the merger with FCStone.

The Company's other two named executive officers were awarded discretionary bonuses with nominal amounts established by one or more of the Company's three principal executive officers, subject to the supervision and review of the Compensation Committee.

For 2009, the discretionary bonuses awarded to the other two named executive officers were as follows:

Additional Incentive Compensation

In December 2008, the Compensation Committee elected to award additional incentive compensation to four of the named executive officers. The Committee made these awards in conjunction with its customary annual review of the compensation program for the Company's executive officers. During this review, the Committee noted that the Company had not granted stock options or similar long term incentive compensation to the senior executives since 2005. The Committee determined that the Company should periodically make such awards to the senior executive officers in order to provide them with incentives based upon the long term success of the Company. The awards consisted of a combination of restricted shares and stock options.

The Company's executives are also entitled to receive certain compensation in connection with the termination of their employment. Employment Agreements with Paul G. Anderson and William J. Dunaway

On October 5, 2009, the Company appointed Paul G. Anderson as President and William J. Dunaway as the Chief Financial Officer. Each of them had previously served as executive officers of FCStone.

As a result of the merger with FCStone on September 30, 2009, the Company assumed the existing employment agreements between FCStone and Mr. Anderson and Mr. Dunaway.

The employment agreement with Mr. Anderson has a five-year term ending on August 31, 2012. Under this agreement, Mr. Anderson is currently entitled to receive a minimum annual base salary of \$400,000, which is reviewed annually and may be increased by the Board of Directors or the compensation committee of the Board of Directors. In addition, prior to such termination, the Company will continue to pay his compensation, less any disability payments he receives under any applicable short-term or long-term disability policies or plans.

Under this agreement, Mr. Dunaway is currently entitled to receive a minimum annual base salary of \$200,000, which is reviewed annually and may be increased by the compensation committee of the Board of Directors. In addition, he is eligible for an annual performance-based bonus, as determined according to bonus eligibility criteria set by the Board of Directors or compensation committee. The agreement prohibits Mr. Dunaway from competing with the Company or soliciting away customers and employees during the 24 months immediately following any termination of his employment.

Severance Plan for Paul G. Anderson and William J. Dunaway

At the time of the merger with FCStone, Mr. Anderson and Mr. Dunaway were also participants in FCStone's change in control severance plan. This plan was assumed by the Company in connection with the merger with FCStone. The Severance Plan provides that if, during a change in control period, a participant terminates his employment for "good reason," or the Company terminates the participant's employment other than for "cause" or on account of death or disability, the Company will pay the participant, in a lump sum, as follows:

- salary through the date of termination, bonus calculated as the average of the prior two fiscal years' bonus allocated for the portion of the year in which the participant was employed with the Company, and any accrued unpaid vacation pay;
- an amount equal to the product of the participant's multiple (which is 36 months in the case of Mr. Anderson and 24 months in the case of Mr. Dunaway) times:
 - i the participant's highest monthly base salary during the 12 month period prior to the date of termination of employment, plus
 - i the quotient of (a) the participant's average annualized annual incentive compensation awards to the participant during the three fiscal years immediately preceding the fiscal year in which employment is terminated, divided by (b) 12;
- an amount equal to the value of any unvested employer contributions under any qualified defined contribution retirement plan; and

[Table of Contents](#)

- an amount equal to 50% of the average annualized equity compensation expense that has been recognized by the Company for financial reporting purposes for awards granted to participant under any long-term incentive plans during the two immediately preceding fiscal years.

In addition, for a period following the termination of employment of 36 months in the case of Mr. Anderson and 24 months in the case of Mr. Dunaway, the Company will continue to provide the participant and his dependents with such medical, accident, disability and/or life insurance coverage as the Company provided him prior to the date of such termination. Finally, the Company will pay the participant a tax “gross-up” for excise tax payable by the participant under section 4999 of the Internal Revenue Code in connection with the severance benefits.

If, during a change in control period, a participant terminates his employment without “good reason,” or the Company terminates his employment for “cause,” the Company will pay the participant, in a lump sum, his salary through the date of termination, any unpaid bonus and other compensation and benefits for the most recently completed fiscal year, any accrued unpaid vacation pay, and any other amounts or benefits to which the participant is entitled through the date of termination under any other plan, policy, or agreement.

The change in control period is defined as the two year period following the earlier of the date (1) the Company enters into an agreement that would result in a change in control, (2) the Company announces our intention to take actions, or consider taking actions that would result in a change in control, (3) any person becomes a beneficial owner of 10% or more of the voting power of our then-outstanding securities, or (4) our board of directors adopts resolutions approving any of the foregoing or any change in control.

The termination of a participant’s employment will be for “cause” if, (1) it would be a termination for “cause” under the participant’s employment agreement, (2) the participant intentionally engages in an act of misconduct that materially impacts the goodwill or business of the Company; (3) the participant willfully breaches a fiduciary trust for personal profit; or (4) the participant intentionally violates any law, rule or regulation.

A participant may terminate his employment for “good reason” during a change in control period if, without the participant’s consent, (1) he resigns for good reason under his employment agreement, (2) there is a reduction in his base salary as in effect immediately prior to the change in control period, (3) there is a diminution of the participant’s position, authority, duties or responsibilities in effect immediately prior to the change in control period that is not cured, or (4) he is required to relocate.

PROPOSAL 2—RATIFICATION OF INDEPENDENT ACCOUNTANTS

On November 13, 2009, as a result of a competitive request for proposal, the Board of Directors of the Company decided to change the Company's independent registered public accounting firm from Rothstein Kass & Company, P.C. ("Rothstein") to KPMG LLP ("KPMG"), effective upon the completion of the Rothstein's audit of the Company's consolidated financial statements for the fiscal year ended September 30, 2009.

Effective December 15, 2009, upon the filing by the Company of its Annual Report on Form 10-K for the fiscal year ended September 30, 2009 (the "Form 10-K"), Rothstein completed its audit of the Company's consolidated financial statements for the fiscal year ended September 30, 2009 and was no longer the Company's independent registered public accounting firm.

The engagement of KPMG as the Company's independent public accounting firm, became effective on December 15, 2009, following the filing of the Form 10-K, subject to shareholder approval at the Company's 2010 annual shareholders' meeting.

The decision to change independent registered certified accounting firms was approved by the Audit Committee (the "Audit Committee") of the Company's Board of Directors.

The reports of Rothstein on the financial statements of the Company for the years ended September 30, 2009 and 2008 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's two most recent fiscal years ended September 30, 2009 and 2008 and through December 15, 2009, there were no disagreements with Rothstein on any matter of accounting principles or practices, financial statement disclosures, or auditing scope or procedures, which disagreements if not resolved to the satisfaction of Rothstein would have caused it to make reference to the subject matter of such disagreements in connection with their reports on the financial statements for such years and any interim periods. Further, there have been no reportable events as defined under Item 304(a)(1)(v) of Regulation S-K during the Company's two most recent fiscal years.

During the fiscal years ended September 30, 2009 and 2008 and through December 15, 2009, neither the Company, nor anyone acting on their behalf, consulted with KPMG with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that would have been rendered on the Company's consolidated financial statements, or any matters that were either the subject of a disagreement (as that term is used in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

Prior to the Company's engagement of KPMG, KPMG did not provide the Company with either written or oral advice that was an important factor considered by the Company in reaching a decision to change its independent registered public accounting firm from Rothstein.

[Table of Contents](#)

Representatives of KPMG are expected to be present at the 2010 annual meeting (either in person or by teleconference), will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Shareholder ratification of the selection of KPMG as the Company's independent registered public accountants is not required by the Company's bylaws or otherwise. However, the Board is submitting the appointment of KPMG to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may appoint a different independent accounting firm at any time during the year if the Committee determines that such a change would be in the best interests of the Company and its shareholders.

AUDIT COMMITTEE REPORT

Audit Committee Report

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. The Company's independent registered public accountants are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity to accounting principles generally accepted in the United States.

The Audit Committee operates under a written charter approved by the Board, a copy of which may be found on the Company's website, www.intlassets.com. The Charter provides, among other things, that the Audit Committee has full authority to engage the independent auditor, independent advisors, and consultants.

In the performance of its oversight function, the Audit Committee has reviewed and discussed with management and the independent accountants the Company's audited financial statements. The Audit Committee also has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 114 relating to communication with audit committees. In addition, the Audit Committee has received from the independent accountants the written disclosures and letter required by the applicable requirements of the PCAOB for independent auditor communications with audit committees concerning independence, has discussed with the independent accountants their independence from the Company and its management, and has considered whether the independent accountants' provision of non-audit services to the Company is compatible with maintaining the accountants' independence.

[Table of Contents](#)

The Audit Committee discussed with the Company's independent accountants the overall scope and plans for their respective audits. The Audit Committee met with the independent accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the Audit Committee met with the Chief Executive Officer and Chief Financial Officer of the Company to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's financial statements and the effectiveness of the Company's systems of disclosure controls, including the clarity of the disclosures, and procedures and internal control over financial reporting. Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2009 for filing with the Securities and Exchange Commission and has selected KPMG LLP to serve as the Company's independent auditors for 2010.

Respectfully submitted,

**THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

Daryl Henze (Chairman)
Brent Bunte
Bruce Krehbiel
John Radziwill
Justin Wheeler

Fees Paid To Independent Registered Public Accounting Firms

Rothstein, Kass & Company, P.C (“Rothstein Kass”), the Company’s independent registered public accountants for the fiscal years ending September 30, 2009 and 2008, performed the review of each of the Company’s quarterly reports for the 2009 and 2008 fiscal years and the audit of the Company’s financial statements for the years ended September 30, 2009 and 2008.

The following table presents fees billed for professional audit and other services rendered by Rothstein Kass and for the periods presented.

	<u>Fiscal 2009</u>	<u>Fiscal 2008</u>
Audit Fees(1)	\$655,000	\$681,500
Audit Related Fees(2)	33,500	10,000
All Other Fees(3)	30,421	—
Total	\$718,921	\$691,500

(1) Audit Fees consist of fees billed for professional services rendered for the audit of the Company’s consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports and services normally provided in connection with statutory and regulatory filings or engagements.

(2) Audit-Related Fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company’s consolidated financial statements and are not reported under “Audit Fees,” including registration statement filings.

(3) Other Fees consist of fees billed for due diligence services performed in relation to the merger with FCStone.

The Audit Committee’s policy is to pre-approve all audit and non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. During the 2009 fiscal year, 100% of the audit and tax services were pre-approved by the Audit Committee.

The Board of Directors does not know of any other matters that will be presented for consideration at the 2010 annual meeting.
